

Senate Group Votes To Add \$225,000,000 To Agriculture Funds

WASHINGTON, July 10.—(P)—Farm-minded Senators Thursday reversed the House economy drive by agreeing to restore more than \$225,000,000 to the annual agricultural appropriation.

The agreement was reached at a closed-door session of a Senate Appropriations Subcommittee held over by Sen. Brooks, Republican, of Illinois. These major increases were reported:

1. A full \$200,000,000 for benefit payments to farmers who complied this year with the Administration's "conservation and use" program and a pledge to continue it next year with \$150,000,000 for these purposes.

2. A full \$75,000,000 to continue the Federal aid for school lunch programs in the next 12 months.

3. A \$250,000,000 fund for the Rural Electrification Administration's loan program.

4. A \$20,000,000 loan to aid veterans and tenants to become land owners.

Fliers Against Truman Board's Take-Off Plans

WASHINGTON, July 10.—(P)—Airline operators and airplane manufacturers Thursday opposed changes in take-off requirements proposed by President Truman's Special Air Safety Board, but pilots strongly supported the suggested changes.

All three groups opposed limitations on landings for four-engine aircraft proposed by the Board to Mr. Truman in a report two weeks ago.

The Board opened hearings on its proposals Thursday. Philip Coleman, of Lockheed Aircraft Company, said the changes proposed by the Board are "arbitrary." He noted that the United States is trying to get its flying rules accepted by foreign countries through the International Civil Aviation Organization (ICAO).

One Killed, 2 Injured in Plane Crash

PHILADELPHIA, July 10.—(UP)—One man was killed and two others were injured seriously Thursday night when their airplane crashed along a residential street.

A fourth occupant of the plane, Armand Carroll, of Wayne, Pa., escaped injury.

The dead man was identified at Frankford Hospital as Howard A. Perkins, 40, of Wilmington, Del. The injured were the pilot, Martin Garson, of Wilmington, who suffered a possible fractured skull, and Joseph Culhane, 36, of West Chester, Pa., possible fractured skull and internal injuries.

Mexico Restricts Her U. S. Imports

MEXICO CITY, July 10.—(P)—The Mexican Government announced Thursday night drastic restrictions on the importation of luxury and nonessential goods to protect her dwindling dollar balance in the United States.

The restrictions will go into effect Friday.

The announcement was made by Secretary of the Treasury Ramon Beteta, who said Mexico's dollar balance in the United States at the end of the war was about \$355,000,000 and that it had dwindled now to about \$200,000,000.

Beteta said the importation of goods in 23 general categories would be prohibited.

Mrs. Dilling Files \$100,000 Libel Suit

CHICAGO, July 10.—(INS)—Mrs. Elizabeth Dilling, author of "The Red Network," Thursday filed a \$100,000 libel suit in Superior Court at Chicago against the Billboard Publishing Company.

Mrs. Dilling, a key figure in the recent mass sedition trial at Washington, alleged in her complaint the February issue of the Billboard referred to her as a "convicted seditionist." The complaint points out that the sedition case was thrown out of court in Washington.

Mrs. Dilling added: "I'm going to sue and sue and sue until it hits the pocketbooks of those who are trying to smear me. Now I have a son to help out." She referred to her son, Atty. Kirkpatrick Dilling, who filed the case in her behalf.

Today Laymen's Day At Methodist Parley

By THOMAS M. ELLIOTT

Today will be Laymen's Day at the Methodist Annual Conference, when Dr. Hubert T. Quillian, Conference Lay Leader and Chairman of the Board of Lay Activities, will direct the special periods set aside for considering the work of the laity.

In addition to a special period in the conference program today, a banquet for more than 400 laymen will be held at the Ansley Hotel at 1 p. m. Dr. W. L. Stidger, of the Boston University School of Theology, will be featured speaker.

Dr. Stidger also is slated to speak at the night session at 8 p. m. Bishop Costen J. Harrell and Bishop A. Frank Smith will be present at the noon banquet, and speak briefly.

In his address Thursday to the class of seven young ministers who had been on trial for two years and were being received into full connection, Bishop Frank Smith expressed fulsome appreciation for the young laymen. He urged the young ministers to recognize laymen more and more, and to co-operate with them fully.

The class of seven men consisted of William Winslow Rytton, Frank Edward Jenkins, Jr., Edgar Allen Padgett, James Carlyle Phillips, Clyde Ellis Smith, Reynolds William Green, Jr., and

Ryan Upheld As Solicitor

Georgia's Supreme Court Thursday upheld Andrew J. Ryan's claim to the Solicitor Generalship of the Chatham Judicial Circuit, ruling that Columbus Alexander, the other contender for the office, was not legally entitled to a place on last November's General Election ballot.

The opinion was unanimous, and was written by Chief Justice V. F. Jenkins.

Alexander was nominated for the post in Macon last Fall by the late Eugene Talmadge's State Democratic Convention, the incumbent, Samuel A. Cain, having resigned after the primary.

The Court pointed out that this nomination occurred less than 30 days before the General Election. This legally prevented the Secretary of State from certifying Alexander's name on the ballot, the Court held.

However, Alexander mailed rubber-name stamps to 76 County Ordinaries, and these placed his name on the ballots. Ryan, who had been named to the interim term by Gov. Arnall, ran on a purely write-in basis. Alexander defeated him in total number of votes, but the Supreme Court ruled that Alexander received from the stamped ballots were invalid and illegal. This gave Ryan the majority.

Price Five Cents

Czechs' About Face' On Paris Parley After Ultimatum From Moscow

Truman Hit For Stand On Tax Veto

WASHINGTON, July 10.—(P)—Sen. Millikin, Republican, Colorado, led aroused Republicans Thursday in declaring that President Truman committed "an impropriety" in giving advance notice that he will veto the new \$4,000,000,000 income tax cut bill even before it passes the Senate.

Millikin, chairman of the Senate Finance Committee and floor manager for the measure, told reporters this is the first time he ever heard of a President vetoing a bill in advance.

And he remarked tartly that Congress, not the President, still has constitutional control of the Government's purse strings.

Spurred by Mr. Truman's disclosure of a repeat veto, GOP leaders doubled their efforts to run up a veto-proof margin of votes when the Senate showdown on the bill arrives probably late this week or early next.

The Republican drive picked up strength as five Democratic members announced they will vote to override the veto. These were Sens. Byrd, Virginia; Johnson, Colorado; Stewart, Tennessee; George, Georgia, and McCarran, Nevada.

Mr. Truman's announcement, made at a news conference, came shortly before debate on the second round measure, already approved overwhelmingly by the House, began in the Senate.

The President said he sees no reason to change his attitude toward the measure, and will reject it. His original attitude was that it was the "wrong kind" of tax reduction at the "wrong time." The bill, providing cuts ranging from 30 to 10.5 percent, is identical with the original bill he vetoed last month except that its effective date would be next Jan. 1 instead of July 1, 1947.

The House sustained his original veto by a scant two-vote margin, but Republican leaders say they are confident of overriding a veto this time—at least in the House.

Prospects for an earlier Senate vote than expected—possibly late Friday or Saturday—developed late in the day when Sen. Lucas, Democrat, Illinois, told newsmen he has decided to drop his fight for a substitute bill. His measure

City Eyes Trade Hub For World

Atlanta, hub of an industrially-maturing South, has taken its first official step since the end of the war to make its name a by-word in the markets of the world.

More than 50 business, Government and civic leaders crystallized hopes of turning this City into a trading post for all nations with the formation of a World Trade Council Thursday afternoon at the Federal Reserve Bank.

Efforts to bring the Council into being followed increasing awareness in the City's business community that increased foreign trade can make the difference between prosperity and depression and help cushion any general recession.

"What we need here is a central clearing house for facts on how to get into the export business," James V. Carmichael, temporary chairman of the group, said, getting the meeting underway.

William H. Wilkerson, President of the Auto-Soler Company, led off discussion by reading a seven-point program prepared by Howard Smith, of the World Trade Division of the Department of Commerce's Atlanta office.

The program included making a survey of firms with products for export, publication of this information in a brochure, determining where world markets exist, holding clinics to educate exporters, asking banks to provide financial facilities for overseas trading and encouraging schools and colleges to teach subjects related to export-import.

Wilkerson later was elected President and W. N. Pendleton, Executive General Agent for the Waterman Steamship Corporation, was made Vice President.

Pointing out the need for the Council, Pendleton cited figures showing that whereas the South's population had grown only 3.8 percent between 1940 and 1945, its manufacturing had grown 20.5 percent in number, its employees 54.2 percent and the value of its manufactured products 91.4 percent.

A question posed by Walter Gray, Jr., Griffin produced the information that already three or four firms are engaged solely in export-import problems while two banks have indicated willingness to provide foreign trade departments.

Considerable concern existed over possible support from banks here which Carmichael said would spell the difference between success or failure of the venture.

Need for improvement of port facilities at Savannah was pointed up by one businessman who revealed his base of operations had moved from the Georgia Port to Charleston because of better terminal facilities.

In this regard, the Council received wholehearted support from Brig. Gen. R. F. Fowler, Executive Director of the Port Authority of Georgia.

Roy Ulrich, Executive Secretary of the Atlanta Chamber of Commerce, which sponsored formation of the Council, said the Chamber would provide a Secretary for the new group, while E. L. Hart, of the Atlanta Freight Bureau, offered use of the Bureau's facilities.

Representatives of the Federal Reserve Bank and the Regional Department of Commerce outlined facilities which their offices had to offer to nourish and expand the State's interest in trade in other countries.

Hopes were expressed from the floor to eventually make the World Trade Council a funnel for services for the entire Southeast instead of just Atlanta and Georgia, as well as to support a full time executive secretary.

Taft and Hartley In Embroilment Over New Soft Coal Contract

WASHINGTON, July 10—(UP)—The two Republican authors of the Taft-Hartley Labor Law became embroiled Thursday over the legality of the new soft coal contract under which John L. Lewis won practical immunity from the penalty provisions of their bills.

Chairman Hartley, Jr., Republican, New Jersey, of the House Labor Committee, threw the first verbal punch on the House floor Wednesday with a charge of "collusion" that set Justice Department experts digging into the contract. He said the mine operators who signed the agreement with Lewis earlier this week, including officials of the big steel companies, may face fines and jail sentences for their action.

"It looks like collusion between the operators and the union to force small companies out of business," he said.

His co-author, Sen. Taft, Republican, Ohio, Chairman of the joint Senate-House Economic Committee, challenged that assumption at a committee hearing Thursday morning.

"I don't think it's in any way a violation of the law," he said.

He said the basic purpose of the law was to permit free collective bargaining and that "employers and employees should be able to make any contract they want to."

Taft said he thought maybe Lewis had driven a hard bargain which might force the price of some basic commodities up and start a new inflationary spiral. But that, he said, is a matter for the Economic Committee to consider, not the Justice Department.

The Ohioan, who has been attacked bitterly by organized labor for sponsoring the new labor-management bill, dismissed as "a minor item" Hartley's main criticism of the coal contract—that its provision authorizing a check-off of union initiation fees and assessments was a clear violation of the Taft-Hartley law.

He said there "may" have been a violation of the law on that point but that he did not regard it as a serious one.

On the contrary, said Taft, a study of the contract convinced him that both Lewis and the operators made "a direct effort to comply with the law."

"Whatever the employers and employees may want to agree to is all right with me," he said, adding that in his opinion it was "doubtful" that many employers would sign the kind of contract Lewis won.

They don't have to sign it," he pointed out. "Employers might say

Amateur Car Thieves Get Wires Crossed!

Operators of Seckinger & Sons, plumbing supply dealers of 180 Forsyth St., S. W., wish amateur automobile thieves would let their trucks alone.

One truck was stolen and the wires of three others have been cut and crossed up, apparently in an attempt to start the motor without the ignition key. The owners reported to police Thursday. The one truck which they were able to get started was later recovered at East Point.

Hotel Fire-Watch Act Studied in Alabama

MONTGOMERY, Ala., July 10 (AP)—The Alabama House Judiciary Committee is scheduled to take up at once a proposal by Rep. J. J. Benford, of Marshall, which would require hotels and inns to maintain 30-minute fire watches at night.

Benford announced he would offer a substitute bill exempting hotels which have automatic sprinkler systems, explaining that fire underwriters' records showed no life had ever been lost in a hotel fire where there was a sprinkler system.

The mandatory fire watch would be maintained at 30-minute intervals from 6 p. m. to 10 a. m. in all hotels of three stories or more.

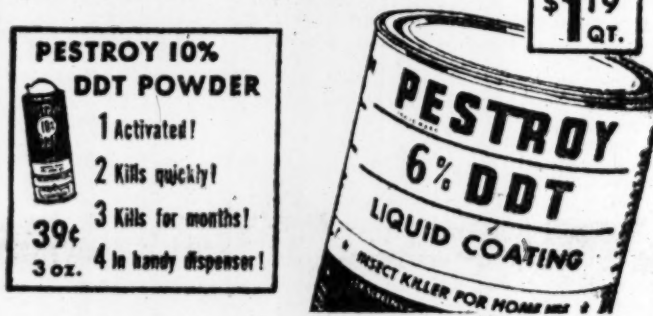

These include a daily pay raise of \$1.20, reduction in the working day from nine to eight hours, an increase from five to 10 cents per ton in the production royalty which finances the UMW's health and welfare fund, and the direct negotiation provision which bypasses the Taft-Hartley Act.

State 'Welcomes' Lovett's Lawsuit To Stop Acquisition of Jekyll Isle

By JOHN COURIC

A Georgia millionaire's lawsuit to prevent the State from wresting Jekyll Island from a club of Eastern millionaires for conversion into a beach park was welcomed Thursday by Acting Gov. Thompson and State Auditor B. E. Thrasher, Jr.

Thrasher, one of the State officials instituting condemnation proceedings against the island owners, termed Rep. W. H. Lovett's suit, filed in Fulton Superior Court Wednesday, "a very desirable move" because "the entire transaction will be passed upon by the courts."

"I am glad that the issue on Jekyll Island is now out of the rumor and gossip stage and is into the courts," Thompson commented. "The courts will be in a position to make an official record of all the issues involved. I have all ways had great respect for the courts and their decisions."

Apparently referring to Lovett's personal wealth, Thompson added: "I don't believe there's anything to the rumor that Mr. Lovett is an applicant for membership in the Jekyll Island Club. Membership in the exclusive club is limited to millionaires."

In the suit, the Laurens County legislator and capitalist sought to enjoin the issuance of \$800,000 in bonds, proposed by Acting Gov. Thompson, for purchase and improvement of the island.

Fulton Superior Judge Virlyn Moore issued a temporary restraining order and will hear arguments July 18 on whether to make it permanent.

Meanwhile, Atty. Gen. Eugene Cook was in Brunswick, prepared to ask Judge Gordon Knox, in Glynn Superior Court, whether a condemnation proceeding against Jekyll may be heard today as

scheduled or must be postponed because of Judge Moore's restraining order.

In the Fulton suit, Lovett who has built an industrial and agricultural empire in Laurens and Johnson Counties, objected to the plan for condemning and purchasing the island on grounds the State plans to pay eight times the value of the island, that the proposed purchase is illegal and unconstitutional, and it is "collusion" between State officials and the New York millionaires.

Lovett also charged the public would not benefit from the park. Thrasher issued the following statement concerning the suit:

"The action of Hon. W. H. Lovett, of Dublin, in filing the injunction against the purchase of Jekyll Island, was a very desirable move, and I personally am highly pleased. The action places in either the Fulton County Superior Court or the Superior Court at Brunswick every question pertaining to the

State's purchase of Jekyll Island. "The questions before the Courts are:

"1. If there is a need for the State to purchase the island."

"2. If the Acts of the General Assembly authorizing the purchase are in proper order."

"3. The price to be paid for the island if purchased."

"4. All other matters pertaining to interest rates, possibility of development, and other such questions that have been raised in the injunction."

"By the entire transaction being brought before the courts, all actions of the State officials will be passed on by the courts and by a jury of the citizens of the State if the Court so desires."

"I consider the present situation where all the actions pertaining to the purchase of Jekyll Island are placed before the courts of this State to be a wholesome situation for the citizens of Georgia in that every action will be passed on by disinterested parties for the best welfare of the State."

Cook, who was present when Thrasher released the statement, declared: "I concur. I am delighted the case has been filed."

The Attorney General, Thrasher, Thompson and Charles Morgan, Director of the State Department of Parks, were named in Lovett's suit.

In filing the suit, Lovett adopted the same attitude as that of his political leader, Herman Talmadge, who frequently has criticized the Jekyll Island proposal in his weekly political newspaper, The Statesman.

Thrasher recently challenged Talmadge to carry the case to court if he doubted its legality and propriety, but Talmadge told news men he was "too busy with other litigation."

Judge Louis W. Kaufman gave Mrs. Weil exclusive right to the master bedroom, assigned Weil to the library and guest room and classed the remainder of the house "community domain." The couple must refrain, however, from annoying or molesting each other.

Dr. Weil, economist and financier, has sued Mrs. Weil for divorce and she has filed a separate maintenance suit against him. She has been awarded \$250 a month temporary support.

Group Clarifies 'Sink' Ordinance

A decision of a subcommittee of City Council's Health Committee has clarified but not amended a section governing sinks in a city ordinance which will go into effect Jan. 1 requiring groceries and meat markets to meet health and sanitation rules.

Neal Ponder, representing the Atlanta Retail Food Dealers Association, had protested a section of the ordinance requiring separate sinks for washing of hands and food receptacles. A compromise was reached permitting one sink which would be divided into two parts.

City Health Engineer Stafford Graydon said, however, that 99 percent of the markets and groceries will install two sinks because that method will prove more practical.

"Baby Sitters," your inexpensive aid in The Constitution will earn money for Spring clothes.

Winooski Gets Miscalled

WINOOSKI, Vt. — (UP) — is Winooski still on the map — or should it be Sinooski? That was what citizens asked when a carnival advertised its show in window posters saying it would be held in "Sinooski" the latter part of June.

White May Accept Post In Slum-Clearance Unit

By ALBERT RILEY

Indications Thursday were that City Councilman John A. White might agree to head a six-man slum-clearance survey committee called for by his Council-approved resolution aimed at clearing up substandard dwelling units here at the rate of 7,000 a year for five years.

Such a possibility was seen in White's own statement that "I want to help any way I can."

He was queried as to whether he would accept the chairmanship if the Committee elected him.

He didn't say yes, but he didn't say no.

He wouldn't say he would refuse the chairmanship.

He said: "I still think Building Inspector Marvin Harper would make a better Chairman, but I want to co-operate."

And he added: "We can't afford to let this slum-clearance plan become a political football, and we are not going to."

Harper, designated to serve as a member of the Committee unless he should name one of his assistants to serve, favors White as Chairman because Harper sees the need of a Councilman being in a key position on the Committee.

So do others interested in slum clearance because it has long been a dream of White, who three times has introduced slum-clearance measures in Council.

In fact, Council, in approving White's plan Monday, insisted that he be a sixth member of the Committee; he proposed would be displaced when the first to include the Building Inspector, slums were condemned.

City Attorney, Fire Chief, and heads of the Health Department and Planning Commission.

1. Designation, through civic operation of land owners, of several tracts of low-cost but buildable land on which immediate construction could start on decent housing on present slum dwellers to rent at prices they could afford.

2. Funds by municipal bond issue, if necessary, to build necessary housing for people who would be displaced when the first slums were condemned.

3. Condemnation of slums not economically repairable.

4. Condemnation of resultant

Indonesia Situation 'Better,' Dutch Say

THE HAGUE, The Netherlands, July 10 — (P) — Premier L. J. M. Beel told Parliament Thursday the Government considered the situation in Indonesia as more favorable as a result of a note from the Indonesian Republic accepting nearly all Dutch demands.

He said that, while the note could not be considered favorable in all respects, it was a real contribution toward final execution of the Cheribon Agreement for Indonesian independence.

5. Authorization of bond issue for the carrying out of the program by the Atlanta Housing Authority, if private capital did not become readily available for the program.

"Although our local chapter and our national organization have always supported Federal low-rent public housing and continue to believe in the necessity of such a program as sponsored by the Taft-Ellender-Wagner Housing Bill," the AVC chapter said, "we are anxious to see local private enterprise accomplish as much of the urgent construction task as possible."

The AVC approval followed close on the heels of endorsement by the Housing Committee of the Atlanta Chamber of Commerce, giving the program the support of a dozen powerful civic organizations.

The AVC urged an initial five-point "constructive rather than destructive program."

It urged:

1. Designation, through civic operation of land owners, of several tracts of low-cost but buildable land on which immediate construction could start on decent housing on present slum dwellers to rent at prices they could afford.

2. Funds by municipal bond issue, if necessary, to build necessary housing for people who would be displaced when the first slums were condemned.

3. Condemnation of slums not economically repairable.

4. Condemnation of resultant

land for purchase by the city for housing purposes from a revolving fund of \$50,000 to be appropriated by Council and continually replenished by re-sale of land to private builders.

DAVISON'S

Jaycees Ask Guard Pay During Training Period

SAVANNAH, July 10—The Junior Chamber of Commerce here has called on Georgia's business and industrial leaders to spur National Guard enlistments by adopting the policy of granting all Guardsmen-employees their 15 days of field training without loss of pay or regular vacation.

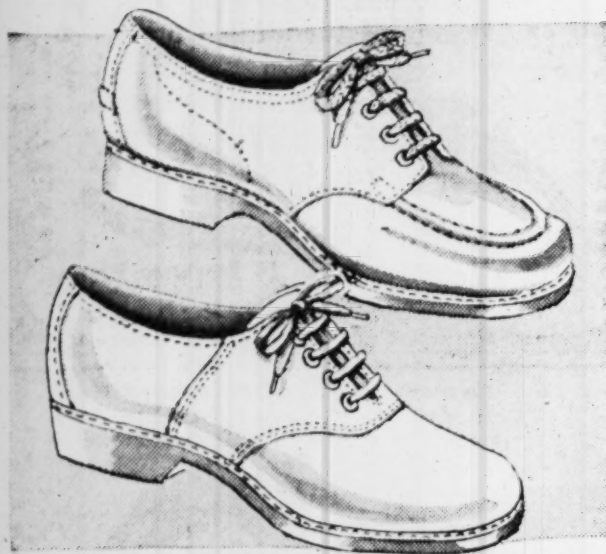

This was announced by Adj. Gen. Alpha A. Fowler, Jr., at a dinner in the DeSoto Hotel here marking the initiation of a vigorous state-wide recruiting campaign for ground units of the Georgia National Guard.

"This resolution passed by Savannah's Junior Chamber, 'can well prove to be the difference between the success or failure of our campaign and, consequently, the success or failure of the National Guard program in Georgia—a major factor in the nation's defense setup.'"

The resolution, voted by the membership and signed by President William F. Brazier, calls for

KLINE'S STREET FLOOR

'THEY'RE WONDERFUL'—Hal LeRoy, great Broadway dancing star, says the Atlanta girls in the Moonlight Musicals Company Corps de Ballet are the most enthusiastic and talented with whom he has ever worked. These girls, Ann Crowell, Joan Pauley and Carolyn Phillips, are three of the lovely dancers who are prominently featured in the current production, "Rosalie," at North Fulton Park's Amphitheater.

'FRACTURE AUDIENCE'—LeROY

Atlanta Girls Praised For 'Rosalie' Dancing

By PAUL JONES

Hal LeRoy, Ziegfeld Follies dancing star, thinks the Atlanta girls in the Moonlight Musical Comedies ballet, are the "most wonderful dancers" he has ever worked with.

The nimble-footed hooper, who has appeared on Broadway with such showmen as Harry Richman, Eddie Cantor and Helen Morgan, expressed those sentiments Thursday night after the Atlanta girls had won the hearts of 6,000 people with their brilliant military tap routine in "Rosalie," the current production at North Fulton Park's Amphitheater (Chastain Memorial Park).

"They 'fracture'—that's a Broadway term meaning 'laying them in the aisles'—the audience every night. They're terrific. They came off the stage Thursday night puffing like mad," LeRoy said. "They taught LeRoy his first professional routines more than 16 years ago on Broadway."

But LeRoy is not alone in his praise of the Atlanta dancers. They have stolen every show they've been in this season. They were the toast of "Naughty Marietta" and they walked off with honors in "Voguesong King." None of their routines, however, has had the finesse of their military number in "Rosalie," the most pretentious and entertaining show of the season. The 12,000 people who attended "Rosalie" Wednesday and Thursday greeted the girls with overwhelming applause each time they came on the stage.

LeRoy said North Fulton Park Amphitheater is "one of the most beautiful spots I have ever been in. It is much finer than the outdoor theaters of Hollywood Bowl, the Moat at Memphis or the St. Louis Civic Opera Company's outdoor arena."

ORCHID FOR REP. LANHAM

Shut-In's Day Bill Cheers 'Sunshine Man'

By KATHERINE BARNWELL

When Rep. Henderson Lanham, of the Seventh District, introduced a bill in Congress Thursday to designate the first Sunday in June "Shut-In's Day," there was at least one broad smile in Marietta.

"That smile was on the face of Clarence Powers, the 'Sunshine Man,' who has been dreaming of an international day for shut-ins ever since he first started the movement back in 1937.

Powers, who has been a shut-in himself for more than 20 years, decided 10 years ago that "there ought to be a special day set aside for people to visit, write and cheer the sick."

In 1939, the first "Shut-In's Day" was held. It was a small, little publicized movement, sponsored by the Shut-In Co-Workers Club, but the idea was big—and grew steadily bigger.

In 1939, both the Mayor of Atlanta and the Governor of Georgia issued a proclamation calling for the observance of "Shut-In Day" in this City and State. The "Sunshine Man" knew his idea was rooted. And for the next three years, "Shut-In's Day" was observed regularly in Georgia.

Powers then decided there should be a legal designation of the day for shut-ins. So in 1943, he sparked the move which resulted in the Georgia Legislature passing a law, officially establishing the first Sunday in June as "Shut-In's Day" in Georgia.

Now, four years later, Powers is confident that Congress will ap-

NOW SHE SHOPS "CASH AND CARRY"

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 18 million of kidney trouble sufferers flush out your blood. Get Doan's Pills.

taught LeRoy his first professional routines more than 16 years ago on Broadway.

But LeRoy is not alone in his praise of the Atlanta dancers. They have stolen every show they've been in this season. They were the toast of "Naughty Marietta" and they walked off with honors in "Voguesong King." None of their routines, however, has had the finesse of their military number in "Rosalie," the most pretentious and entertaining show of the season. CONFERENCE NEWS NOTES

Rev. J. C. Adams Backed For Bishop's Cabinet

By THOMAS M. ELLIOTT

The Rev. J. C. Adams' name has been suggested at the North Georgia Methodist Conference as a member of the Bishop's Cabinet. For 17 consecutive years Adams has served the Franklin Circuit and his success has been such as to bring him national reputation. The Rev. Benjamin H. Smith, American Bible Society Agent in Georgia, says, in his judgment, one of the most profitable things the Conference could do in promoting rural life would be to place Adams in the Bishop's Cabinet as Superintendent of Rural Work.

Rev. J. C. Adams

Summertime Santa Claus

The Rev. Ben Mize, Pastor of the Atlanta St. John Methodist Church, has joined his son-in-law, Prof. Chet Orwald, in proposing to play Santa Claus to six retired Georgia Methodist preachers. His plan is this: Late in July, or early in August, Parson Mize proposes to take three retired preachers from each of the two Georgia Conferences and entertain them for several days at his home on Pine Mountain Estates.

At this home, jointly owned by the Parson and his son-in-law, are several acres of peaches, 5,000 watermelons, hundreds of yellow-legged, fry-size chickens, and numerous other attractions. Each preacher-guest will be provided with a single bed, given access to hot shower baths, and uninterrupted entry to the Little White House, the Magic Hill nearby and tours along the Scenic Highway.

Parson Mize, who is an expert chef, intends to do all the cooking for his ecclesiastical guests. The one and only obligation imposed on the guests is each man must agree to preach once on the Sunday he is a Mize guest. Three of the retired pastors will preach to Negro congregations.

Absentees Remembered

Conference felicitations on the ninth were sent the Rev. W. J. Irvine, of Monroe, who that day observed his eighty-fifth birth anniversary. Other messages of greeting were dispatched to the Rev. W. T. Hamby, of Decatur, who had just observed his eighty-seventh birth anniversary, and to Dr. Luke G. Johnson, of Gainesville, who recently had celebrated his eighty-eighth anniversary. Dr. Elam F. Dempsey, III at Emory Hospital, also was remembered by the church body in which he has long played a prominent part.

District Progress

District Supt. B. Frank Pim, of the Rome District, reporting for the year, stated that five young men this year had been called to preach. Speaking of his four years in that District, Pim said for each of the four years, the District had overpaid all its apportionments for world service and benevolences. Increases and advances were reported for every church in the District, and for every cause sponsored by the Conference.

The Rev. W. M. Twigg, LaGrange District Superintendent for four years, reports a net increase in membership of 469 persons with 41 building projects launched at an outlay of \$200,000. This year, he said, a new church has been organized at Red Oak with 60 charter members. That church is now erecting a \$60,000 church building.

DR. HUBERT T. QUILLIAN
Conference Lay Leader

METHODISTS

Continued From Page 1

Eugene Talmadge Drinkard. They were privileged to vote in the election of general conference delegates.

Young men admitted on trial in the conference are James Lauren Taylor and Joseph Wesley Jones. Under the supervision of district superintendents, they will be assigned pastorates, and will pursue their courses of study for four more years.

Two ballots for general conference delegates were cast before the noon adjournment Thursday. On the first ballot for clerical representatives, Dr. Lester Rumble received 161 votes and was declared elected.

Smith L. Johnston, of Woodstock, and Dr. Hubert T. Quillian, of LaGrange, were declared elected lay delegates.

On a second ballot for clerical delegates, a total of 243 votes was cast, but there was no election. Eighty votes were cast for lay delegates, and Mrs. Stewart Coley, of Grantville, was elected.

She is President of the Woman's Society for Christian Service for North Georgia. A third ballot was taken for clerical delegates. On the third ballot, when 243 votes were cast, Dr. W. R. Cannon, of the Emory University Center School of Theology, was elected.

For the laymen no election resulted from their third ballot. During a special conference period devoted to giving recognition to retired ministers feature speakers in behalf of the enlarged program were Dr. A. T. McElwain, of St. Louis; J. S. Giles, of Athens; Dr. H. T. Quillian, of LaGrange; Dr. Pierce Harris, of Atlanta; and William Banks, Chairman of the Methodist Foundation, of Grantville.

The conference voted adoption of the enlarged program, which seeks to make provision of a home for each retired preacher and widow, and to increase the annual pension for ministers and widows.

At present, it was stated, the annual pension for retired preachers is barely above \$20 per service year, while widows receive less. The Methodist Foundation seeks to raise a fund of \$720,000, the proceeds from which will be used to assist all preachers and widows in securing homes. Now fewer than one-half the total number receives any help in securing a home.

Looking toward an increase in the pension payments to retired ministers, the conference voted to ask that a levy of 12 percent on pastors' salaries be set aside for the pension fund. This increase is said to be a step toward stabilizing the pension at \$25 per service year.

In support of the \$720,000 Foundation Fund, William Banks, Chairman, urged that the fund be raised, and stated his intention to make a bequest for that purpose, in addition to his annual liberal gifts.

The enlarged plan was adopted unanimously. Fifty retired ministers were guests at a Piedmont Hotel banquet at noon, provided by the Hapeville Methodist Church, under the supervision of Dr. Frank A. Wells and Pastor W. C. Budd.

Mrs. Stewart C. Coley, of Grantville, President of the North Georgia Woman's Society of Christian Service, reported to the conference that only nine unorganized churches are found in this conference territory, and the W. S. C. S. had raised the past year \$171,268.

Dr. E. C. Peters, President of Paine College, invited the entire conference to be guests of the college in September when the Warren Chandler Memorial Library Building will be dedicated.

Mrs. Arthur J. Moore will be hostess at her home from 5 to 6 p. m. today at a tea, to which all women delegates to the conference, and all ministers' wives, are invited.

WATKINS

Continued From Page 1

National Child Welfare Conference in 1931.

As an indication of the effectiveness of his work, Judge Watkins' associates recalled, he received an average of 100 letters a month from men in the armed forces, both white and Negro, expressing appreciation for his efforts to help them. As boys they had been arraigned in his Court and he had

Prints Made Of A-Bomb Negatives

WASHINGTON, July 10.—(INS) Congressional Atomic Committee members made Thursday that prints were made of the photographic negatives stolen from the Los Alamos A-bomb plant and that the FBI is investigating to see if any of them are still at large.

Congressmen said that the negatives taken by two Soviet-hunting sergeants who perpetrated the theft, had been developed. One of the soldiers was a photographer. The Committee said the FBI was making an exhaustive search to preclude any chance that the prints would fall into the hands of foreign agents.

Sen. Hickenlooper, Republican, Iowa, chairman of the Atomic Energy Committee, told newsmen that spies are "working 24 hours a day" in an attempt to steal the A-bomb secrets. However, he said that so far they have not met with "substantial" success.

He declined to comment on statements of his Committee colleagues that the data stolen from the Los Alamos, N. Mex., plant consisted of negatives.

The negatives were said by other committee members to show vital machinery at Los Alamos, which is the installation at which A-bombs are assembled.

The FBI refused to comment on the Congressional disclosure, or to discuss the course of its investigations.

The Agency said it had no instructions to arrest the two suspects and the Justice Department stated that no instructions had been issued for their apprehension.

A Justice Department spokesman reiterated the Agency's indication of prosecuting the pair involved in the thefts, but added "these things take time."

He is survived by his wife, the former Miss Mildred Roberts, of Monroe; a son, Garland M. Watkins, Jr., two sisters, Miss Glenne Watkins, clerk of the Juvenile Court, and Miss Louise Watkins, a teacher in George Longino School, and a brother, Herbert Watkins, of College Park.

Funeral services will be conducted at 3:30 p. m. Saturday at Spring Hill, with Dr. Pierce Harris officiating. Burial will be in College Park Cemetery.

CAVES

Continued From Page 1

be this big," he said. "I swear I didn't know all those people who were that interested in me."

Hurn and his brother own Nickajack Cave at Shellmound, Tenn., which extends under parts of three States—Tennessee, Alabama and Georgia.

Hurn said he went into the cave on July 1 and then on the same day went to Birmingham where he took a train for New York.

Asked in New York if he were worried about the receipt of his would get from his homefolks, he said:

"Wouldn't you be? I don't know what I'm going to say."

At Shellmound, Hurn's wife who, with three small children, had waited near the mouth of the cave for his "rescue," was astonished when she heard the news of her husband's hoax. She exclaimed:

"This is a terrible thing to happen. I'll be glad to talk it over with him when he gets back."

Police said it appeared doubtful that criminal charges could be placed against Hurn for his sensational hoax—a trick in which his brother, who owned half of the cave, denied complicity.

Hurn apparently telephoned officials when his hoax "backfired." The inference was that Hurn, for publicity purposes, had planned to hide out for a while and re-enter the cave to be "rescued" at the proper time. But the hoax got too hot for him, police reasoned, and he couldn't get back.

Scores of people who risked their lives searching for him, voiced their disgust in no uncertain terms.

Jimmy, speaking for Atlanta Scouts, explained:

"We lost a little sleep and came back disappointed at not rescuing Mr. Hurn. When we learned he was really safe in New

EMPTY HANDED

Burglar Foiled By 'Soft' Tire

For want of air in a tire a burglary was stopped.

W. W. Brinsfield, operator of a service station at 414 Techwood Drive, N. E., dropped by his place of business during a ride with his wife Wednesday night because one of his tires needed inflating.

He arrived just in time, he said, to frighten away a burglar, who had gained entrance by ripping bars off a door. The would-be burglar left empty handed.

Mrs. John S. Baily, of 2606 Alston Dr., S. E., helped police catch a housebreaker in her pantry about noon Thursday. She heard the prowler pry open a back door, hastily called the police and waited outside until Detectives J. J. Chester and W. D. Johnson arrived. They arrested Andrew Hammond, 32, Negro, of 735 Foundry St., S. W., on suspicion of burglary, they said.

York City all the time we were crawling through Nickajack mud—well, one of the fellows said he'd like to take Mr. Hurn and really lose him in Nickajack for a few days."

Buddy LeBlanc, 16, one of the explorer Scouts, chimed in, "We might go back to look for him in a week—maybe."

The Atlanta Scouts, who volunteered for their "rescue" job, went into the cave Monday at 8 a. m. following an all-night drive from Atlanta in a converted Army command car. They came out after a nine-hour search, muddy, wet and exhausted.

About 50 persons, including highway patrolmen, civilian cave experts, miners and the Atlanta Explorer Scouts, had gone into the cave in search for Hurn. The cavern is regarded as one of the most treacherous in the country, with a bottomless lake and dangerous stalactites.

It cost the Atlanta Scouts \$150 apiece to make the trip to Chattanooga and they ruined a tire on their jallopy. Still, Jimmy claims it was a "valuable and thrilling experience," and the boys would do it again.

But he added: "That guy pulled a dirty trick on people who might really get lost in caves."

The Atlanta "rescue" party also included Harry Turner, 17; Bob Henry, 18; James McCauley, 17; Jack Petty, 17; Russell Adams, 17; Jim Templin, 17, and Bob Phillips, 20. All are skilled cave explorers and members of the Atlanta Senior Boy Scout Explorer Post 2031.

Money on Way to N. Y.

NEW YORK (UP)—The New York Convention and Visitors' Bureau estimated that more than 1,000,000 persons will attend more than 600 conventions here in 1947 and would spend \$150,000,000. The bureau estimated that each visitor would spend at least \$150.

Police Seize 300 More In Athens Purge

ATHENS, Greece, July 10.—(UP)—Security police swooped down on Athens cafes Thursday to arrest some 300 more alleged Communist plotters amid leftist charges that the United States had ordered the purge.

Police said 2,613 persons were arrested in Athens and Piraeus, the port for Athens, and transported to Psytalia Island in Piraeus Bay Wednesday.

Press reports indicated the number arrested was much higher. In addition to those listed by the Government, the reports said, 300 were taken into custody at Salonika, 300 at Volos, 41 at Patras and an undisclosed number at Agrinion.

A public prosecutor, a judge, several lawyers and a doctor were among those said to have been arrested at Salonika.

A reliable source said 4,000 had been marked for arrest, but that almost one-third had fled to the hills. The source said those not charged with treason would be exiled as dangerous to the state. The others are to be tried and executed, he said.

The Cabinet, after an emergency meeting Thursday, announced the arrests had been made "to prevent bloodshed." It reiterated a previous Ministry of Public Order statement that the Communists planned an uprising for 1 a. m. Friday.

TAX

Continued From Page 1

would raise taxpayers' personal exemptions from \$500 to \$600 and cut 4 percent off each surtax rate.

Lucas' decision may shorten debate considerably. He said he hopes a vote can be reached Friday.

Meanwhile, Sen. Barkley, Democrat, Kentucky, Senate Democratic leader, was reported by colleagues to have made "an impassioned plea" in a conference of Democratic Senators for a vote sustaining the President.

express my sincere appreciation to President Caldwell and the Board of Regents for their effort in securing this move."

Tom Penland, of Blairsville, Mayor of Trailerville, praised the President for "submitting this helpful plan to the Board of Regents" and the Regents for "taking this step toward bringing about this increased service to our veteran families and all other students here on our campus."

Gus Barksdale, Conyers, President of the Students Veterans' Organization on the campus, also issued a statement expressing appreciation to Caldwell, other University officials and the Board of Regents for the move, which he said "shows that they are interested in alleviating the economic circumstances of the veterans."

THEY FIND NOOK IN RAIN

Beaming Elizabeth, Philip 'Meet Folks' in Garden

LONDON, July 10—(AP)—Vivacious young Princess Elizabeth and her handsome husband-to-be, Lt. Philip Mountbatten, "met the folks" Thursday and not even a slashing rain dimmed the happiness in their faces.

Showers with congratulations, the newly-engaged couple walked side by side through the milling crowds of a Buckingham Palace garden party for the cream of British society. They so monopolized the attention of 6,000 guests that King George frequently had no one to talk to.

Then, while the royal party took shelter in their tea tent from a sudden downpour, Elizabeth and Philip somehow made an island of privacy for themselves and talked gravely in the misty twilight of the things young lovers talk about. "Doesn't she look lovely?" the

dowagers exclaimed. They referred more to the glow that illuminated the blue-eyed Princess' slightly flushed face than to her apricot-hued costume and matching straw hat, left over from the family's South African tour.

The 26-year-old Philip, chatting gaily and laughing with man-of-the-house ease, caught the imagination of the younger women.

"Thank you—thank you so much," the Princess replied to those who pressed close to wish her happiness. To one guest she murmured:

"It's like turning a new page."

Few of the guests got a look at the diamond and platinum engagement ring. In accord with garden party etiquette Princess Elizabeth wore gloves that prevented her from exhibiting the already famous ring.

Outside the palace a group of spectators—some had been there all day—watched the raincoated

OFF THE RECORD

—One front door, one back door, one roof and one mortgage—

party guests come and go. They were hoping for personal greetings from the Princess and her future consort, whose engagement was announced early Thursday in a court circular.

The garden party climaxed a dizzying round for the 21-year-old Elizabeth. From early morning congratulatory messages flowed in from the Empire and the rest of the world. Not a few, as the British press proudly noted, came from the United States.

Then Elizabeth and Philip, arm in arm, posed smilingly for photographs which were splashed promptly on London's front pages. With only time to change her costume the Princess, without her fiance, drove to Westminster Abbey and stood in brief solemnity while her father unveiled a new chapel honoring the pilots of the Battle of Britain.

In front of the nine-centuries-old Abbey, where she will be married, and at the gates of Buckingham Palace, where she and Philip lunched later with the King and Queen, rain-soaked crowds roared best wishes to their future sovereign and her handsome escort.

2 Men Released After Quiz In Actress' Strangle-Death

NEW YORK, July 10—(AP)—Two businessmen, quizzed by police 24 hours in the strangulation death of Mrs. Sheila Mannering, blond actress, were released late Thursday after being directed to appear before a New York Grand Jury Wednesday.

Their release came just as an attorney for one of the men, Jacob Rosen, 60-year-old textile manufacturer, obtained a Supreme Court order directing that Rosen be produced in court Friday for a hearing as to whether he should be freed on a habeas corpus writ.

The attorney Harris Steinberg identified Rosen as one of the two men held in Dist. Atty. Frank S. Hogan's office, and said "his family is frantic" because men-

bers were not permitted to communicate with Rosen.

Hogan gave no reason for the Grand Jury subpoenas, nor did he name the men. Indications were, however, that the all-out police investigation would turn to other leads in the case which broke Wednesday with discovery of the nude body of the attractive 49-year-old actress in her modest West Fifty-seventh Street apartment.

A high police official said Rosen's account of his movements Tuesday afternoon, when police believe Mrs. Mannering was slain, had been corroborated in all details by his business associates.

The two men questioned at length by Hogan's staff were found listed in one of the actress' address books, police said. More than 50 persons whose names were in the books had been questioned, and others would be picked up, Deputy Chief Inspector Edward J. Mullins said.

Among those questioned, police said, was a man who was with Mrs. Mannering Sunday and Monday nights, who asserted he had not seen her since that time. His name was found on an uncashed \$20 check in the apartment, and he admitted that some articles of clothing in the apartment were his, police said.

The investigators took impressions of teeth marks on the actress' arm and of marks on a partly smoked cigar found in the bedroom where her body was sprawled. These were for comparison with the teeth of possible suspects.

The plump, pretty actress was found by her maid lying on her bedroom floor Wednesday morning, a sheet knotted around her neck and a towel stuffed in her mouth.

17 Traffic Violators Arrested at Emory

In a campaign to enforce strict campus driving regulations, Emory University traffic officials arrested 17 traffic violators and have recommended dismissing from school one student for repeated violations.

T. E. McDonough, Chairman of the Emory Traffic Committee, said there are approximately 1300 cars on the campus this Summer and we expect the traffic regulations to be obeyed.

New Witness Quizzed in Reyman Case

Police Thursday night were questioning a new witness in the mysterious death of Mrs. Jeannette Reyman an elderly man who said he saw a man and a woman in a truck "having a violent argument" at Johnson Road and Highland Avenue the afternoon before the woman's body was found.

The witness, who asked that his name be withheld, said the truck was similar to the one in which Mrs. Reyman's body was found.

Police said the section was not thickly populated, and it would have been possible for a slaying to have been committed there without attracting undue attention. Lt. M. M. Coppenger said the new witness' report bore out previous reports that the truck was seen in the Forrest Road-Glen Iris section, which is in the same general direction.

Officers are believed to have discredited one of the three witnesses against William Eugene

Autry who was released Wednesday after having been held several days for investigation in the case. They expressed the belief one of the three witnesses had a personal motive for implicating Autry. Coppenger said he still was following up new leads on the case and checking back over the investigation thus far, but he had no immediate hope for an arrest.

Arnall 'No Candidate'—At This Time

Former Gov. Ellis Arnall, in reply to radio rumor-reporting from Washington, Thursday denied he is a Senatorial Candidate against Sen. Russell.

"I am not a candidate for any office—at this time," Arnall said.

GALL BLADDER

SUFFERERS FIND CURE FOR MISERY DUE TO LACK OF HEALTHY BILE

Supply Rushed Here—Sufferers Rejoice. Gall bladder trouble is a common ailment which causes much suffering. It is often the result of a diet which is too rich in fats and oils. The gall bladder is a small sac which stores bile, and it contracts to push the bile into the small intestine. If it becomes inflamed or blocked, it causes pain and discomfort. Gall bladder trouble is often accompanied by indigestion, flatulence, and constipation. It is important to seek medical attention if you experience these symptoms. The use of Gall Bladder medicine can help to relieve the pain and discomfort caused by gall bladder trouble. It is a natural remedy which works by stimulating the gall bladder to produce and release bile. It is safe and effective, and it can be used by anyone who suffers from gall bladder trouble. It is available in many drug stores and health food stores. It is also available in a liquid form, which is easy to take. It is a great relief for those who suffer from gall bladder trouble. Von Papan's Ring Draws Prison Term

BERLIN, July 10—(AP)—A Berlin court Thursday sentenced a foreign national for 24,000 marks to sell at a profit in the black market.

Guenther von Papan, 33-year-old nephew of the former Nazi diplomat, Franz von Papan, to four months imprisonment and fined him 1,000 marks (\$100) for black-marketing. Police testified they had found Von Papan and a companion in possession of 16,000 cigarettes, which he admitted buying from

School Head's Ouster Held Unconstitutional

Judge Frank Guess, of the Stone Mountain Circuit Superior Court, Thursday ruled as unconstitutional the Code section under which Henry A. Nelson was removed from office as Superintendent of DeKalb County Schools in April.

Julius McCurdy, Attorney for the DeKalb Board of Education, said an appeal from the decision would be filed immediately with the Georgia Supreme Court.

In effect, Judge Guess' decision was made against demurrers filed by the Board of Education against mandamus and quo warranto proceedings brought by Nelson against the Board of Education and Dr. Sam Guy, Nelson's successor. Both demurrers were ruled out by the Judge.

"The Court is of the opinion that the Statute (under which Nelson was removed) is unconstitutional and the Court further believes that the Supreme Court has already declared such a statute unconstitutional in cases where they have passed on a similar question," the Judge said in his brief decision.

Guess cited in this connection a ruling in the case of Coleman vs. Coleman, Sect. 103 of the Georgia Code, in which the act was declared unconstitutional following the removal of a public officer without formal hearing.

Judge Guess also took action on a petition from a group of DeKalb County citizens filed in DeKalb Superior Court last April which alleged that Sam Jones, a member of the Board of Education, was holding office illegally under the new State Constitution.

Terms of the State Constitution change the office from an appointive to a constitutional position and state no one may succeed himself to such office. Judge Guess ruled in Jones' favor with the explanation that Jones was serving his first term in the Constitutional office and his previous service therefore should not be considered in the question as to whether he was succeeding himself.

M'GILL TOUR

Continued From Page 1

farm experts alike. "They turn out clean milk without much trouble. It is just the old cotton farmer, who doesn't understand why his barn has to be clean when his daddy's wasn't, who has trouble

producing clean milk. A young fellow, especially one who has been in the military services, knows what cleanliness means; and he also knows enough to accept proved practices."

Around Monroe County they are betting on Woodrow Bunn and others like him. One of his brothers, incidentally, is a farmer, going in for vegetables and slowly developing a beef cattle herd. This is T. A. Bunn who served in tanks.

On our journey we stopped in to see C. R. Richardson's place. There still stands on his place an old milking barn of the type used in the "good old days." He will tear it down one of these days, but meanwhile it serves to illustrate the difference between the past and the present. In the old barns, milking was done in the areaway as the cow stood on old, filthy straw and sawdust.

Today most of the trouble in getting clean milk in any State and any county comes from some stubborn or careless old-timer who doesn't see why there has to be so much fuss about keeping milkers and milking houses clean. He points to the fact he lived through the old days.

He forgets the thousands of babies and grownups who died every Summer from illnesses called "Summer complaint," "Summer colic," "milk fever" and "flux," all of which came from dirty milk. Not forgetting, too, typhoid and other ailments which also came in part, at least, from filthy barns and filthy dairy farmers.

The new generation is going to do a better job in the dairy business. We stopped in to see Harold Melton's place. He was left an orphan when just a youngster, and came up on his grandfather's farm. He learned to milk and farm there. He was three years in the Army, most of it in service overseas. He had no help, but he built his barn, put up a fine lot of fencing, including an electric fence. He does his own milking and cleaning up, and keeps his pastures up. He also is developing more.

Dairy barns are springing up in Monroe County like weeds. Only, of course, they are welcome. We went on past the Melton dairy farm to see the new barn built by Oscar McWilliamson. It is all ready, waiting for Fall when the REA line will be ready. He has 20 cows, and is getting more. When Fall comes the railroad is going to lose a good man, but the land is going to get another worker.

In 1920, J. P. Ivey had 45 acres in cotton. From the entire 45 acres he got 600 pounds of cotton. He put it all in one bale. He looked at it, sold it, and has never planted any more cotton. He has a fine farm, and does a job of trading in dairy cattle and hauling milk for one of the big routes. He is a valued man in the farm community. He can tell that story of how Monroe County used to make 32,000 bales of cotton a year and came down to about 200 in 1920 when Mr. Boll Weevil hung up his hat in Georgia.

He got six cents a pound for his 600 pounds—the total product of 45 acres.

Our next stop was to see another former service man, George L. Ivey, another one of whom the county is proud. He, too, served in tanks, with the Twenty-seventh Division, One Hundred and Ninety-third Tank Battalion, Company A. It is odd how after, at farms, the

Mme. Lupescu Better Almost Out of Danger

RIO DE JANEIRO, July 10.—(AP) Elena Lupescu, companion of former King Carol of Romania, was reported almost out of danger Thursday from her long illness of pernicious anemia.

Mrs. Ernest Urdarianu, wife of Carol's chamberlain, said Mme. Lupescu "is a little bit better, having passed another good night."

"Her progress is very slow, but encouraging," Mme. Urdarianu said, "and she can now be considered almost out of danger."

Learning fast, and the young ones accept the idea that the best herd is the one you grow out yourself.

George Ivey worked on a farm before going to war. His parents have moved in with him, and his mother keeps house for him.

One of the most interesting stories was at the farm which Miss Marie and Miss Jenny Vaughn carry on in such an efficient manner. Their father, who was a farmer, died

Mrs. Harper Named Aid Consultant

Mrs. Maria Harper, of College Park, has been appointed consultant to member societies of the National Society for Crippled Children and Adults in the Southeastern United States, Lawrence J. Linck, Executive Director of the Society, has announced.

Mrs. Harper is former Director of the Crippled Children's Division, Georgia State Department of Public Welfare. She also has served as field representative of the American Red Cross. In her new capacity she will help set up programs for the physically handicapped which will function in terms of the finances and needs of the State.

This is just a cross section of some of those who are doing a great job for Georgia and Monroe County. They—the bankers and the people themselves—have weathered a great agricultural breakdown, have taken the pieces and built a better, sounder and more productive economy than the county ever knew. And Monroe County has just started.

Because of the fine job being done for veterans in the county, I went around to see Ed Jensen, who is head of the veterans' training program. Everyone speaks well of the excellent job he is doing for veterans. He has 23 already in training and 22 more ready to start.

Mrs. H. G. Hackney, 58, Dies in St. Louis

Mrs. H. G. Hackney, 58, the former Miss Myrtle Rockmore, of Loganville and Atlanta, died Thursday at her home in St. Louis, Mo., where she had lived the past 28 years.

Funeral services will be conducted at 3 p. m. Saturday at the graveside in West View Cemetery, with Dr. William V. Gardner officiating.

Mrs. Hackney is survived by her husband, a brother, J. G. Rockmore, and a niece, Mrs. Harry Lange, of Atlanta.

W. L. Clark, of Atlanta, Dies in Tuscaloosa, Ala.

Willie L. Clark, of 1654 Orlando St., S. E., died Thursday in a private hospital in Tuscaloosa, Ala.

Funeral arrangements will be announced by H. M. Patterson & Son.

Survivors include his wife; his son, W. L. Clark, Jr., both of Atlanta, and a grandson.

Mrs. Holley, 82, Dies; Rites Today

Mrs. W. P. Holley, Sr., 82, of 2113 Howell Mill Rd., N. W., a resident of Atlanta for 45 years, died Thursday in a private hospital after a long illness.

Funeral services will be conducted at 4:30 p. m. today at Spring Hill, with the Rev. Thomas M. Johnston officiating. Burial will be in Crest Lawn Cemetery.

Mrs. Holley, who was a native of Alabama, was an active member of Moore's Memorial Presbyterian Church.

She is survived by three daughters, Mrs. H. M. Clyburn, Mrs. L. W. Clyburn, Sr., and Mrs. Grover C. Moore; a son, William P. Holley, Jr., all of Atlanta; seven grandchildren, three great-grandchildren and several nieces and nephews.

Mrs. Yarborough Dies; Ben Hill Rites Saturday

Mrs. B. R. Yarborough, 37, of Ben Hill, died Thursday at her residence after a long illness.

Funeral services will be conducted at 2 p. m. Saturday in the First Baptist Church, Ben Hill, with the Rev. P. L. Maner officiating. Burial will be in Greenwood Cemetery.

Mrs. Yarborough is survived by her husband; a daughter, Miss Juanita Yarborough, and three sons, B. R. Yarborough, Jr., and Jerry and Jimmie Yarborough, all of Ben Hill; her parents, Mr. and Mrs. L. M. Malcolm, of Riverdale; three sisters, Mrs. J. R. Steele, of High Point, N. C.; Mrs. R. F. Dilling, of Atlanta, and Mrs. W. N. Morgan, of Riverdale; and two brothers, H. S. and H. A. Malcolm, both of Atlanta.

James R. Lowe Succumbs at 73; Capitol Worker

James Rabun Lowe, 73, of 222 Georgia Ave., S. E., one of the oldest employees at the State Capitol, died Thursday in a private hospital.

Funeral services will be conducted at 1 p. m. Saturday in Hamilton Baptist Church, with the Rev. A. F. Copeland officiating. Burial will be in the Hamilton cemetery.

Mr. Lowe, who was born in Thomaston, was a great-grandson of former Gov. William Rabun, who signed the agreement marking the boundary line between Georgia and North Carolina in 1819.

He had been employed at the State Capitol for more than 30 years, starting when he moved here from Hamilton. He worked originally in the office of the Department of Agriculture, where he supervised the handling of the market bulletin.

He later worked in the office of the Secretary of State, in the Tag Department, and when the two were separated he remained with the Tag Department. He worked there until he became ill about five weeks ago.

He was a life member of Hamilton Masonic Lodge No. 16, and had been active in work with the Order of the Eastern Star. He was also a member of Woodmen of the World.

He is survived by a nephew, R. A. Russell, of Atlanta.

MRS. W. M. T. PERKERSON
Pioneer Atlanta Dies

Mrs. Perkerson, Banker's Wife, Dies; Rites Today

Mrs. William T. Perkerson, member of a pioneer Atlanta family, and wife of the vice president of the First National Bank, died Thursday morning in a private hospital.

Funeral services will be conducted at 3:30 p. m. today at Spring Hill, with Dr. William V. Gardner officiating. Burial will be in West View Cemetery.

Mrs. Perkerson, the former Miss Marie Ester, was a graduate of Hollins College in Virginia. In Atlanta she was an active member of the First Presbyterian Church, and belonged to the 1908 History Club, and the Planters Garden Club. She was also a talented musician.

Her husband, who is also trust officer for the First National Bank, is on the Board of Directors of the Capitol City Club, and is treasurer of the First Presbyterian Church.

Surviving are her sons, William T. Perkerson, Jr., and James F. Perkerson, and three grandchildren, all of Atlanta. She is also survived by a brother-in-law, Angus Perkerson, editor of the Atlanta Journal magazine.

S. H. Jones, 68, Dies; In Lumber Business

Funeral services for Sam H. Jones, 68, of Clayton and Miami, Fla., owner of the S. H. Jones Lumber Company in Miami, Fla., who died Wednesday in an Atlanta hospital, will be conducted at 1 p. m. Monday in the West View Funeral Home. Burial will be in the National Cemetery in Marietta.

In Miami Mr. Jones was a member of Mahi Lodge, the Miami Consistory, the Biscayne Blue Lodge, the Elks and the Odd Fellows. He was a veteran of the Spanish-American War.

Surviving are seven sons, the Rev. Sam F. Jones, of Palestine, Texas; William M. Jones, of Miami; Charles Thomas Jones, with the U. S. Army; Robert H. Jones, of Washington, D. C.; Donald Preston Jones, with the U. S. Army; John Joseph Jones, with the U. S. Marines; and James Lee Jones, of Clayton; two daughters, Mrs. Gordon West, of Miami, and Mrs. James H. Bickley, of Clayton; his mother, Mrs. C. T. Jones, of Atlanta; three sisters, Mrs. Walter Jones, of Atlanta; Mrs. Annie L. Neuner, of Tampa, Fla., and Mrs. I. P. Shepard, of Stark, Fla.; and three brothers, C. C. Jones, of Atlanta; R. F. Jones, of Atlanta, and T. R. Jones, of Brighton, Col.

Mrs. Manning, 68, Dies; Funeral Services Today

Mrs. Sam Manning, 68, of 423 Kelly St., S. E., a resident of Atlanta for over 40 years, died Thursday in a private hospital after a brief illness.

Funeral services will be conducted at 2 p. m. today at the chapel of Greenberg and Flinn, with the Rev. Phillip Fried officiating. Burial will be in Greenwood Cemetery.

Mrs. Manning, a native of Russia, came to America in 1903 with her husband. She was a member of the Shearith Israel Congregation.

Survivors include her husband; three sons, E. M. Manning, of Atlanta; W. G. Manning, of Gastonia, N. C.; and Louis Manning, of Atlanta; two sisters, Mrs. M. H. Cohen and Mrs. M. Flax, both of Atlanta; and two brothers, I. Bredowsky, of Memphis, Tenn., and Sam Bredowsky, of Rome and five grandchildren.

Mrs. H. C. Anderson Succumbs at Her Home

Mrs. H. C. Anderson, of 1758 Alvarado Ter., S. W., died Thursday at her home.

Funeral arrangements will be announced by H. M. Patterson & Son.

Mrs. Anderson is survived by her husband; two daughters, Miss Rachel Carroll Anderson and Miss Reba Charlene Anderson; her father, R. C. Carroll; a sister, Mrs. R. C. Phillips, and two brothers, T. R. and R. M. Carroll.

John W. Prickett Succumbs in Hospital

John W. Prickett, of 1098 Blue Ridge Ave., N. E., died in a private hospital Thursday.

Funeral arrangements will be announced by the West View Funeral Home.

Survivors include his wife; a daughter, Miss Mary Catherine Prickett; two sons, John M. Prickett, and Capt. Vernon C. Prickett, with the U. S. Army in Japan; a brother, Hubert Prickett, and a grandson.

Mrs. J. W. Smith, 64, Dies; Funeral Rites Saturday

Mrs. J. W. Smith, 64, of 212 Tudor St., S. W., a lifelong resident of Atlanta, died Thursday at her residence.

Funeral services will be conducted at 11 a. m. Saturday in the chapel of A. C. Hemperley & Sons, with the Rev. John C. Boyd officiating. Burial will be in East View Cemetery.

Surviving are her husband, and a son, J. W. Smith, Jr., with the Atlanta Police Department.

Mrs. Smith was a granddaughter of John Boutelle, one of the foremost architects in Atlanta during and before the days of the War Between the States.

F. E. Gill, 54, of Decatur, Succumbs in Sanitarium

Frank Edward Gill, 54, an accountant, of 1030 South Candler St., Decatur, died Thursday in a private sanitarium.

Funeral arrangements will be announced by A. S. Turner & Sons.

He is survived by his wife; two sons, Gordon D. Gill, and Robert J. Gill, of Decatur; his father, John Gill, of Milwaukee; two sisters, Mrs. Ted Moberg, of Milwaukee, and Mrs. Val Mueller, of Los Angeles; and two brothers, Harry Gill and Dewey Gill, both of Milwaukee.

Mrs. William Niel Dies; Formerly of Atlanta

Mrs. William Niel, of Montgomery, Ala., formerly of Atlanta, died Thursday morning at the residence of her niece, Mrs. W. R. Archibald, in Evergreen, Ala.

Funeral services will be conducted at 10 a. m. today at the graveside in Montgomery.

Mrs. Niel is survived also by a daughter, Mrs. Morgan T. Wynne, and a sister, Mrs. R. J. Hudson, both of Montgomery.

MRS. FRANK GEORGE

Funeral services for Mrs. Frank George, 22, of 619 Sycamore Dr., Decatur, who died Wednesday, will be conducted at 2 p. m. today in the chapel of Trinity Chapel, with the Rev. J. L. Maxwell officiating. Burial will be in Decatur Cemetery.

MRS. ALICE HARPER

Funeral services for Mrs. Alice Harper, 73, of Franklin, who died in an Atlanta hospital Wednesday, will be conducted at 2 p. m. today in the chapel of Howard L. Carmichael & Sons, with the Rev. J. L. Adams officiating. Burial will be in College Park Cemetery.

East Point C. of C. Backs Tax Hikes

The Board of Directors of the East Point Chamber of Commerce Thursday night reaffirmed its support of two ordinances designed to increase the revenue of the city—one to raise the ad valorem tax from eight to 10 mills and the other to increase the city's sanitary tax from \$3 per year to not less than \$11 per year.

These are the ordinances passed at the last session of the City Council, but vetoed by Mayor Blair. At the next session of Council on July 21, the Councilmen will make an effort to pass the ordinances over the Mayor's veto.

In again announcing support of the two ordinances, the Board of Directors said the taxes are "absolutely necessary" to enable the city to meet its operating expenses for the year.

Councilman Otis Stephens addressed the Board and said the estimated expenses of the city for 1947 are \$740,000 against estimated receipts of \$665,000.

King at the Helm

COPENHAGEN — (AP) — Denmark's naval-educator King, Frederik IX, is still able to steer a ship. During a recent voyage to his summer residence at Graasten—the first time Frederik used the royal yacht which he took over from his late father, the King took the wheel and maneuvered the 1,300-ton yacht out of Sonderborg Harbor.

AMAZING OUTBOARD MOTOR OFFER!

TRY THIS SENSATIONAL WIZARD 5 DAYS... AT OUR RISK!

The WIZARD is such an amazing outboard motor that you simply have to try it to appreciate just how outstanding it is! The Wizard gives you easier starting, slower trolling, smooth operation, and long trouble-free life. That's why we invite you to come in and get a new WIZARD... take it out and use it... test it... compare it with any outboard anywhere! Then if you're not satisfied, return it and every cent of your small down payment will be cheerfully refunded!

WIZARD now brings you the famous "FULL-JEWEL" POWERHEAD

The manufacturers of the WIZARD build the only completely available outboard motor with roller bearings on crankshaft, crank-pins, and wrist-pins! This feature reduces friction to the minimum, and gives the WIZARD a service life never dreamed of in ordinary outboard motors with old-fashioned plain bearings!

Preferred by Thousands of Commercial Users of Outboard Motors, for...

- EASIER STARTING... The WIZARD requires less oil in fuel mixture, resulting in higher gasoline volatility. Automotive-type carburetor eliminates time-wasting "fiddling" and sore arms!
- SMOOTHER RUNNING... Smooth, even carburetion at all engine speeds... even speeds below 500 RPM.
- SLOWER TROLLING... the WIZARD will throttle down to unbelievably slow speeds without bucking or quitting... lets you give full attention to your fishing!
- FASTER PICK-UP... just flick the single synchronized spark and throttle control and your WIZARD will accelerate from 500 RPM to 4000 RPM instantly!
- LONGER ENGINE LIFE and practically NO MAINTENANCE COST... Your WIZARD will deliver thousands of hours of dependable service season after season, with no fancy " upkeep" costs... no expensive overhauls between seasons! Your WIZARD will hardly be worn when ordinary outboards are ready for an overhaul!
- COMPLETELY WATERPROOF MAGNETO... they said it couldn't be done! The WIZARD magneto positively WILL NOT dampen out, even by accidentally submerging the motor!
- DOUBLE SPARK PLUG LIFE and LESS CARBON ACCUMULATION!
- REDUCED OIL and GASOLINE CONSUMPTION!

EASY TERMS
As Low As \$2.75 A Week After Small Down Payment

The WIZARD will out-perform any other outboard motor in its horsepower class!

BUSTER, PADDY, DONALD... EACH BELOVED BY SOMEONE

Pets' Burial Ground Sees Many Tears Shed

By BOB LEWIN

Northwest of Atlanta, at the foot of a green hill, is a small cemetery. To the casual observer it's an ordinary cemetery, where fresh flowers break the green and white peacefulness with their vivid colors.

On the tombstones are simple names like Buster, Bobby, Paddy, Frisky and Mickey; but behind them are stories that add to the age-old chronicle of man's love for animals.

This cemetery for pets—Pet Haven—was started five and a half years ago. Since that time people in the Atlanta area have felt deeply enough about some 204 pets to take them there for burial.

Of this number there are 194 dogs, six cats and a parrot, squirrel, canary and duck.

In the middle of the cemetery is one unidentified grave. It is marked with charcoal scrawled on a small slab it says only, "My Pal."

The cemetery is operated by Mrs. Mabel Bickford, of 142 Moreland Ave., S. E. It was turned over to her by her brother-in-law in 1942 as a hobby. "But," as Mrs. Bickford says, "I became so fascinated with it that it's gotten to be just about my life's work."

Mrs. Bickford knows the stories of the lives of pets buried there. Walking through the cemetery, she stopped and pointed out certain markers.

"This dog," she said, pointing to one stone, "belonged to a very rich lady. She was deaf and lived in a very exclusive home in Atlanta with a companion."

"The dog was this lady's ears. He would come and tell her when the doorbell was ringing, when the phone jangled, or when someone was approaching the house. He was a little wire-haired fox terrier—you know they're very bright—and when he died she felt so lonely she left Atlanta for about a month before she could face living in that big house without him."

Mrs. Bickford stopped at an

PET HAVEN—In this peaceful little cemetery, settled among the trees and streams of northwest Atlanta, more than 200 beloved pets have been buried. Mrs. Mabel Bickford, operator of Pet Haven, and Freckles, stoop to examine the grave of a departed dog.

other stone. "This is Buster," she said. "Buster died of grief." "He was a little bull terrier when the family first got him, the same age as his master then, and the boy and dog grew up together. For years and years the boy and the dog went everywhere together. Then, early in the war, the boy was drafted. From then on the dog just seemed to lose interest in being alive. The family tried everything to make him eat. They tried to draw his attention to other members of the household. But nothing seemed to matter to Buster. He just moped around the house, inconsolable. He died about two weeks afterward."

According to Mrs. Bickford, Pet Haven, which is a few hundred feet from the junction of North Hightower Road and Hollywood Road, has about one funeral a week now. The services are simple. A portion of the Scripture is read. Mrs. Bickford does everything herself.

The duck, which was buried only three weeks ago, was given to a couple as an Easter gift two years ago, and was named, naturally enough, Donald. The squirrel was found by a family after it had broken its leg, and was taken in and domesticated.

Mrs. Bickford is a pleasant, attractive woman of about 35. She wanted a one time to be a nurse. But now she is more a student of human nature.

"Most of the people who bring their pets to me are lonely," Mrs. Bickford continued. "They are usually adults who have no children, or whose pets have stuck close to them when their family has not. They're always terribly upset when they call me."

Not long ago, Mrs. Bickford re-

UNADORNED—While many of the markers in Pet Haven are beautifully carved in stone, this little slab of concrete stands unmarked in the middle of the cemetery.

lated, an old man who lived alone came to bury one of his dogs. The dog had belonged originally to his wife, and were, according to Mrs. Bickford, a link between them. He was about 60 years old, with snow-white hair, and he came to the funeral alone.

Mrs. Bickford picked up her Bible, and read from Ecclesiastes 3, 19. The man stood in the sunlight with his head bowed as she read. "For that which befalleth the sons of man befalleth beasts; even one dieth, so dieth the other; yea, they have all one breath; so that a man hath no preeminence above a beast; for all is vanity."

Mrs. Bickford stopped and looked up. The old man was crying.

SAUCERS

Continued From Page 1

It was a parachute coming down... I knew what it was, because I had seen pictures of it in The Constitution.

"We watched it about 10 minutes before it fell, and it was glittery and shaped kind of like a triangle. We started walking in the direction it fell, and walked about a mile, I guess. It was in a tree. There was a farmer standing by it, wondering what in the world it was... We took it home with us."

The pilot of the plane which photographed the "raywin" Thursday watched the helium-filled balloons carry it up about 15,000 feet.

Lt. Moore explained the balloons burst when they reach 20,000 to 25,000 feet. Then the screen, which is merely tinfoil on crossbars of light balsam wood, is carried along by the wind. "At a high altitude it is shiny and appears round."

"It undoubtedly is the 'flying saucer,'" said Cmdr. Rentz, who added he heard a \$3,000 reward was offered "by someone" for a real "saucer."

"Do you suppose we could collect the reward?" he asked, smiling.

Cmdr. Rentz said, after Wednesday's story describing "raywins" appeared in The Constitution, several news and picture services sent representatives to the Air Station to see a "saucer" fly.

Chief Frank E. Roberts, in the Aerology Department at the Naval Air Station, said he had checked newspaper reports of persons who had spotted "flying saucers," and in every case they were near a radar unit, using "raywins."

Officers at the Naval Air Station are eager to know how far the "raywins" travel before they fall into somebody's back yard or cow pasture. Cmdr. Rentz has asked any person finding the tinfoil screen to notify him at the Air Station.

"Saucers" will not fly every day in Georgia, Cmdr. Rentz said. He explained that wind velocity can be determined by less expensive methods in good weather. He said balloons without the "raywin" are sufficient to determine velocity if the weather is clear.

When the weather is bad and the balloons cannot be seen, however, radar rays reflect on the tinfoil, making it possible for the mathematician to locate it exactly and thereby determine wind speed.

Change the System of Courts-Martial

Since the war, evidence of injustice in a sufficient number of Army and Navy courts-martial cases has been brought to light to indicate the need for a change in the system of judicial procedure. Although most of these inequities occurred in the frenzy of war and hundreds have been corrected through further investigation, later vindication can hardly have erased the basic wrong done those who suffered.

Since time immemorial it has been the commanding officer of a unit who was responsible for the operation of Army and Navy courts-martial. It is he who orders the offender brought to trial; it is he who appoints the court-martial board and, more often than not, it has been his opinion of guilt or innocence which prevailed. Since members of the court-martial necessarily are junior to the commander it is not often that they are willing to go contrary to his strong opinion and return a verdict of innocent when the commander believes the accused guilty.

The House Armed Services Committee now is considering a proposal which would relieve the field commander of the time-honored duty and which would, instead, place the complete court-martial procedure in the hands of trained personnel attached to the Judge Advocate General's office. The Judge Advocate General's office, in turn, would be completely independent of field units and its officers would be on separate promotion lists. In short, the proposal would place court-martial procedure outside the jurisdiction of the field commander and he would have no possible chance of retaliation should his wishes not be respected. Theoretically, at least, the court-martial board would be free of any influence in reaching its decisions.

600,000 British To Emigrate

Our single greatest problem of the day is what to do with all our technological advances in mass civilization. In America, a country so new that the coonskin cap, the squirrel rifle and the log cabin still are familiar articles in many of our regions, we can't get used to the fact that our frontier no longer exists. It was our safety valve for generations. There was always "The West" to which the urban population that didn't fit in could go.

Now, only Alaska remains. By irrigation we still can open more lands to "settlers."

But really "old countries," Britain for example, long have faced the problem and been unable to meet it. It has created profound difficulties for all governments in old countries where there is no more land.

Britain, with a technology far behind

The War Department opposes the plan, claiming that discipline would be adversely affected. And if a field commander can be trusted with the lives of his men in battle, the Army contends, he surely can be trusted to be just.

Happily, that usually is the case, but there are enough exceptions we believe, to warrant the proposed change. Undoubtedly most commanding officers are highly capable men who have the best interests of their troops at heart. But, as the War Department itself points out, the responsibilities of a commander are indeed heavy, particularly in wartime, and it is easy under the stress of circumstances for his nerves to be jarred to the breaking point by breaches of discipline which normally would be accepted in calm reasonableness.

Consider, for instance, the incident of the late Gen. Patton slapping a soldier. Certainly the Army had no finer commander than this hard-fighting, colorful general who customarily carried a pair of pearl-handled revolvers on his hips. And probably no commander had any stronger loyalty from his men. But under the tremendous strain of battle this great general broke and foolishly slapped a soldier, an act he would have abhorred had he been his normal self.

In all reasonableness it seems to us that the proposed system not only would result in fairer dealings with offenders but also would help lift some of the burden from field commanders. And the War Department's claim that discipline would suffer cannot be accepted as valid. On the contrary, we believe discipline would be enhanced, for the new system, being fair and equitable, would command greater respect from the troops and would be far less susceptible to personal influences than is the present procedure.

our own, nonetheless finds herself with more population that has no place to go. This is reflected in the news that already nearly 1,000,000 Britons, more than 600,000, with others still to be heard from, have signified their intention to go to Canada, to New Zealand, South Africa and other lands where there is living room.

When this safety valve is gone, the problems of security, of urban organization, of job insurance, of relief and medical care for the unskilled unable to fit into modern technological society, become loads which cities will find harder and harder to bear.

Our physical frontier was there just a little while ago. Now, it is gone.

The frontier of the mind, which always expands, must solve the problems of the lost land frontier.

THE PULSE OF THE PUBLIC

Regents' View

Editor Constitution: The continued criticism of the Board of Regents by the representatives of two Atlanta papers for the Board's holding executive sessions leads us to make this statement. It is made not for the purpose of entering into any controversy and certainly not with the idea that we need to defend ourselves from adverse criticism. The holding of such executive sessions on some occasions is, however, in our opinion essential to the best administration of the University System of this State. They are not star-chamber sessions and are not for the purpose of covering up anything, as the actions taken and every decision in such sessions are immediately given to the press.

As the press has pointed out, the business of the Board of Regents is the State's business. Of course, therefore, the people are entitled to a simple statement as to why some aspects of business are at times discussed in closed sessions. First, a statement of what the Board actually does:

A regular session of the Board is held once a month and is attended by the press. Many times there is no need for an executive session. Sometimes, when for reasons that will be stated later, the Board feels an executive session should be held, it is held usually following the regular meeting. Any action taken at that executive session is immediately given to the press as well as recorded in the minutes which are open to the public. The idea that any actions are concealed or hidden or covered up is entirely foreign to the truth.

When this matter came to be agitated we wrote to 28 State universities asking what course they pursued with respect to executive sessions. This list included all the Southern States and other States picked at random throughout the country. Of these 28 so selected, 24 have replied and their replies have been tabulated. Without a single exception the governing board of each of these institutions finds it necessary to hold sessions of an executive character. It is, of course, possible that they are all wrong in this, but it seems to us in the highest degree improbable.

Why is it considered necessary

The Constitution welcomes letters on either side of any subject. They should not exceed 200 words and must be signed, although names will be withheld on request. We regret none can be returned.

to hold such executive sessions? Clearly in our case when persons are under discussion. This reason, of course, would not be applicable to the State Board of Education to which some reference has been made in the press, because that board, unlike our Board, is not charged with the selection of personnel for the institutions of the State. It is simply impossible for the members of the Board to discuss the personnel of the various institutions fully and freely if the discussion is being listened to by representatives of the press. This does not mean that the representatives of the press who have attended our meetings could not be relied on to withhold publication of things they were asked not to publish. We have found them very co-operative in this respect. It does mean that the members will not feel free, however, to indulge in the discussion of such matters with the press present, because it is almost impossible for a member to keep saying "Please do not publish this."

It must also be borne in mind that if we admitted some representatives of the press to executive sessions it would be necessary to admit any representative who asked to come. Indeed, a representative of the press has no more right than any other citizen of the State of Georgia to be present. Without executive sessions it would be impossible to draw the line.

The comments from the different institutions to which we wrote with great unanimity expressed these same ideas. In other words, their experience has been the same as ours.

It is not true, although it has

been suggested in the press, that the Board of Regents is the only body conducting the State's business that holds executive sessions. One of the articles suggesting this used as an illustration that the Board and Parole Board held open hearings. So do we. But that

Board also, and properly, confers in private among themselves when they find it necessary. The Supreme Court and the Court of Appeals have open sessions to hear arguments and retire to executive sessions to discuss their decisions. Logically those who criticize us for holding executive sessions should insist on being admitted to the conference of these appellate courts, because they also are State bodies, holding executive sessions.

The same would apply to executive sessions of the State Senate. The Public Service Commission hears matters in public and discusses their decisions in private.

To summarize the attitude of the Board:

(1) We will gladly admit the press to all sessions of the Board except where matters are under discussion which, in our judgment, require an executive session for the reasons heretofore stated.

(2) We will immediately advise the press of all actions taken in any executive session and promptly record them in the minutes which are open to the public.

(3) We will try to handle the division between open sessions and executive sessions, when we find an executive session necessary, so as to cause as little inconvenience to the representatives of the press as possible.

(4) Where, however, for the reasons heretofore indicated, we believe some matter connected with the University System can be discussed and considered more efficiently in an executive session we will regard it as our duty as trustees to follow the course which will best serve the State's interest in the matter and we will not be deflected from that course because of criticism deemed unjust by us. Such criticism is, of course, unpleasant to those who, like ourselves, are earnestly striving to serve the State's interest. It would be more unpleasant, however, to realize that we lacked the courage to do what we knew to be right and sound in this respect because of fear of personal criticism. We welcome just and constructive criticisms at all times. That kind of criticism is helpful.

BOARD OF REGENTS,
UNIVERSITY SYSTEM
OF GEORGIA.

RALPH MCGILL

Farley's Political Tribute to FDR

Jim Farley's fourth article about his break with the late Franklin D. Roosevelt contains this tribute to the man who, at the 1940 convention, was nominated for the third term.

"One by one the field of some 17 Vice Presidential candidates was narrowed to three men. Only Speaker Bankhead, Wallace and McNutt were left in the race. McNutt could have been nominated, but he withdrew his name at the request of the President. The delegates were ugly. They did not want Wallace.

"Not all their resentment was personal, however. They were showing their resentment against 'bossism.' But they were trapped by the President's adroit maneuvering. No one who studies this convention can deny that the President showed himself to be a master of political rough-and-tumble, with no holds barred."

I well recall that convention. I will never forget Mrs. Roosevelt when Paul McNutt stood up and, even as Caesar, thrice thrust away the vice presidential crown. It was a big thing he did, at a moment when it was tough and go and the delegates were in an ugly mood, some of them against Wallace, and some of them against the pressure from the big city machines.

She stood up and too his hand and shook it, and her face was lighted with great emotion and tears were in her eyes.

Because, that ended it. Wallace, whom she did not want, but whom FDR did, was in. Her own speech and McNutt's rejection of the place which the delegates were trying to give him, broke the back of the opposition. The Iowa delegation began to parade with fresh corn stalks, shipped in by plane from the Corn State.

Politics is, basically, a struggle for power. The power is sought to carry out certain ideas, usually contained in some form of the so-called platform of a party convention.

The Farley articles have been absorbing in their interest. He has been accused of bad taste, and the articles at times have contained paragraphs which had a mean quality to them, but that is explained by the fact that the ghost writer is one who felt even more bitter toward Franklin D. Roosevelt than did Farley himself. The failure to document these statements which merit the adjective "mean," or to identify in any positive way their source, leaves them open to the charge of gossip or malice. But I do not think the articles in bad taste. To me they seem a great contribution to political history.

What they boil down to is this—here was a titanic struggle between two great political experts. The President, being in office, had advantage.

But, when after months of maneuvering and after months of bitter skirmishes at last the pickets were driven in and the two were joined in desperate battle, it was the President who won, and Farley says that this crisis in the struggle for power.

"No one who studies this convention can deny that the President showed himself to be a master of political rough-and-tumble, with no holds barred."

And that, I think, is true.

Two Persons It seems to me, in studying these valuable articles, that they must of necessity be approached from just one viewpoint—that of a political struggle between two men representing opposing views, and each seeking the power to carry out those views.

The whole of Farley's articles, and one must appreciate this expected honesty, deal with the political aspects. In other words, they deal with Roosevelt's political strategy designed to carry out his administrative plans, and not with the larger struggle to put policies into effect to meet the national and international pressures.

At first Jim Farley was a party to them. Later, he felt he could not go along with them and began his own campaign to prevent a third-term nomination. From that time on it was that struggle and that struggle alone which emerges from the pages of the Farley article.

They no more reveal the Roosevelt who was directing the appeal which was to cause this country to reveal the neutrality act so that

aid might be sent Britain, than they reveal the Farley people knew outside the political conference. They do not reveal the Roosevelt who led the fight to bring about military training, the boldness of the plan to swap Britain 40 badly needed destroyers, the gigantic plan to prepare this country for war that Farley and all others close to the government knew was inevitable.

Struggle What they reveal is two great politicians locked in a struggle for political power.

I can think of no other person who could have made as much of a fight as did Jim Farley. The word politician is not a bad word. It is only that so many miserable, corrupt ward heelers have been labeled with the word, that it has come to connote something distasteful. Politics are necessary to our form of government and we need only to improve the breed. We could use more of the type of Roosevelt and Farley. Rarely will one generation produce two as able as they. I wish they might never have broken. But, to say that the articles reveal Roosevelt the President, or Roosevelt the world leader, is to ignore the articles themselves. They reveal the political struggle through which he went to be able to hold together a party which, without him, lies at the foot of the political wall, from which it has had a great fall. And whether all the king's horses and all the king's men will put it together remains to be seen.

Only a very great politician and only a very great man can take the always opposing factions of the Democratic Party and hold them intact for four consecutive campaigns.

For, in the final analysis, there was not enough of the personal Roosevelt vote to hold the power. It required a master of political rough-and-tumble, with no holds barred, to get the others. Roosevelt's place in history, like that of Winston Churchill's, is secure. Every man is right who does what he believes to be his duty. Jim Farley did that. And so did Roosevelt.

RALPH T. JONES

Enroll One Student Of Coming Textbook

I read in the news that DeKalb County is to publish a pamphlet giving facts about the county, its advantages, its growth and its improvement. Please, Teacher Candler, see that I get a copy as soon as the booklet comes from the press and enroll me, at once, as a student for the course in DeKalb County lore.

I'm ashamed of myself. You see, I've lived in DeKalb county for nearly 30 years—in Decatur that is—and what I don't know about DeKalb would fill a lot of bulky volumes. I want to remove that stigma of ignorance.

Let's see what I do know? Decatur is the county seat. There is a natural wonder known as Stone Mountain with certain gashes in the granite for which we apologize to visitors, within the county borders. There are several other towns. Name 'em? Well, Tucker, Panthersville, Stone Mountain, Scottsdale, Clarkston, Lithonia, I think. And probably others.

Part of Atlanta is in DeKalb. Decatur is a city of homes. Population? At a guess, 25,000 or so.

And that's about all. Shameful, isn't it, such ignorance.

Items for Pride In a general way, I do know DeKalb possesses a number of things and records which I recall, dimly, a younger member of the family telling me years ago, about some proud facts she had learned while a student in the University at Athens. What those facts about DeKalb are, however, I've quite forgotten.

I expect Scott Candler, in his promised textbook, will mention the waterworks. I recall his pride in that utterly modern plant when, as a grand juror, I was taken, with fellow jurors, on a tour of the place.

Commissioner Candler, at that time, gave to each member of the grand jury a factual and statistical report on county operations which, undoubtedly, contained a lot of pride-causing material. But I was too lazy to study it carefully at the time and where my copy is now only some magic genie could tell.

There Are Others I'm ready to wager there are many others who could truthfully confess to as shameful a lack of knowledge of their own home county as I. And not DeKalb counties alone, either. Probably you could find my fellow ignoramus in every county of the State.

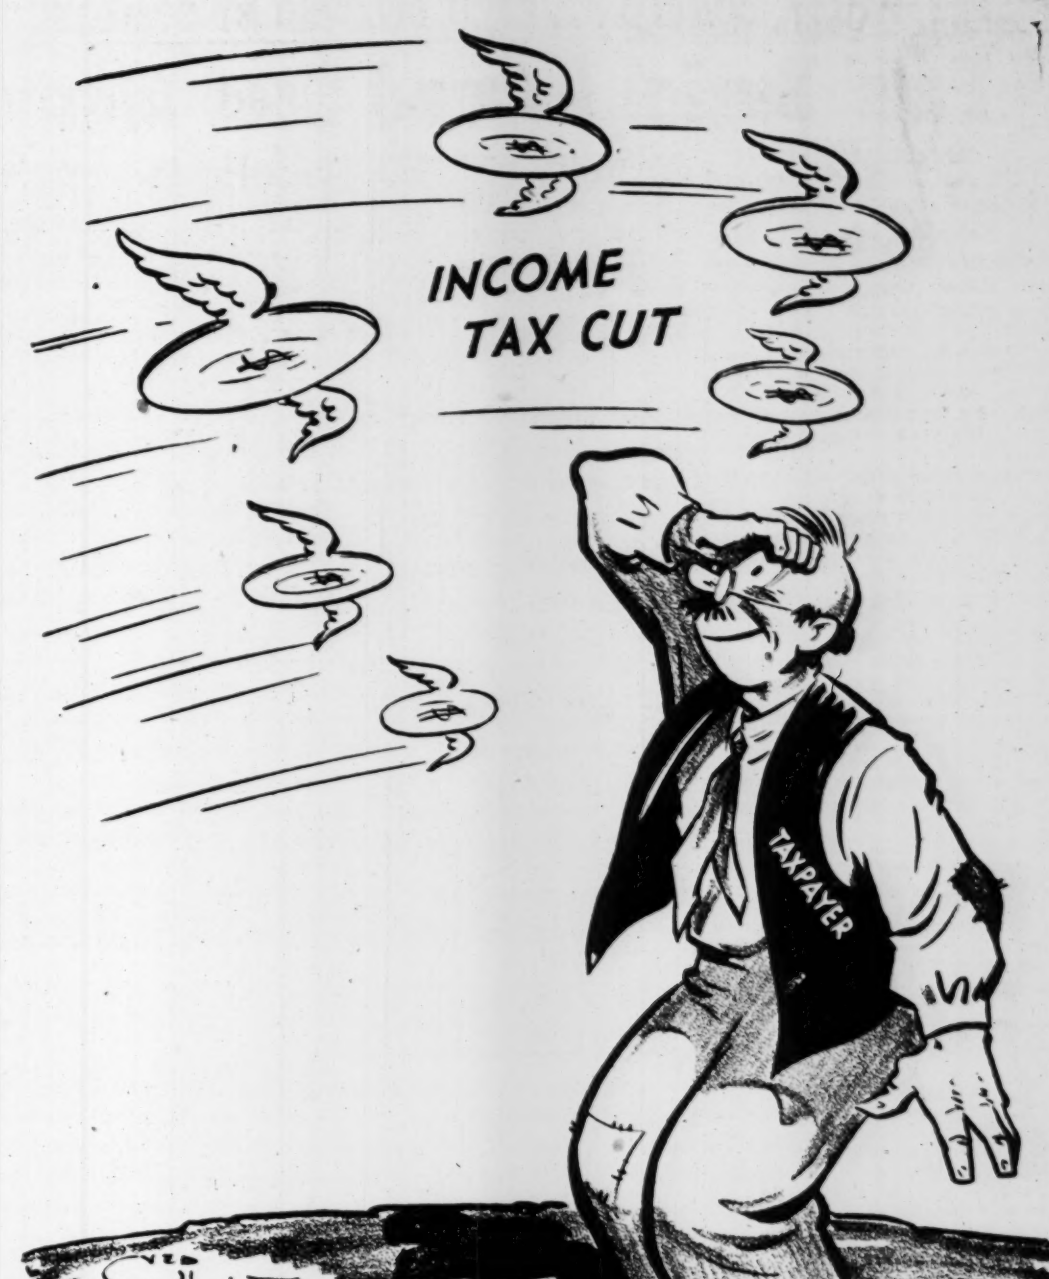

And, truly, isn't it a disgrace? There is a fable about a priest who died and came back to earth for a second life. He spent that second life walking, here, there and everywhere. He explained that, when he had died, God had asked, as first question of his soul, how he had enjoyed the beautiful earth. And he hung his head in shame and confessed he knew next to nothing about it. So he had been given a second chance and sent back to earth to see and appreciate its beauty.

Start at Home Most of us are guilty of the same blindness as that priest. And we are most blind in respect to the beauty of our immediate home surroundings.

So it might not be poor resolution to determine to visit all sections of the home county. To study and understand its advantages, its charm. To meet and to know its people. To read and know its history, to be familiar with its lore.

To know where any road in the county will take you and to ride down those roads until they are as much a part of home, in your consciousness, as your own garden.

I'm planning such a personal survey of DeKalb. And waiting eagerly for the textbook Prexy Candler is to provide.

Seeing Saucers?

ROBERT QUILLEN

Self-Chosen Aristocrats

In his first Collier's article about Roosevelt, Jim Farley said he never was invited to spend a night in the White House; never was asked to join intimate gatherings there; never was taken into the bosom of the family.

The explanation, he believes, was given to him indirectly by Mrs. Roosevelt when she said: "Franklin finds it hard to relax with people who aren't his social equals."

(This reference to Roosevelt's class snobbery reveals nothing new. Even Sen. Perkins, who adored him, conceded in her book that he was a snob, frankly scornful of common man, when he first got into politics.)

BUT IF the Missus had the right idea, why was Roosevelt so happily relaxed and at ease at the banquet where he launched his last campaign? Did he regard old Dan Tobin and the other union politicians and teamsters as his social equals?

It isn't likely. But neither is it likely that he was playing the hypocrite for the sake of politics. Society is competitive, and class superiority depends on comparison. The people to snub are those who are so near your level as to seem competitors. The lady aristocrat who cannot enjoy the society of her new-rich neighbors can spend a pleasant hour gossiping with her cook.

We are born with a competitive spirit—as apes are not—and from the cradle to the grave we strive to excel our fellows. Our nature prompts us to make ourselves superior and to prove our superiority in combat or in trials of strength, skill, courage and intelligence.

But the age-old feeling of class-conscious superiority is a different matter. It is a study in psychology—or psychiatry.

IF A MAN thinks he is Napoleon, we say he is insane. If another thinks himself superior to ordinary men because of his birth and background, we call him an aristocrat. Yet the grandeur of both men exists only in their imagination.

A true aristocracy would be a sane and logical system, for it means the rule of the best. The fault in the present system is that the superior are self-chosen, and usually are superior only as any normal family, blessed with generations of wealth, education and culture, would be superior to the victims of exploitation, poverty and ignorance.

Yet our aristocrats, brought up to believe themselves superior and shielded from competition and reality, think their superiority a God-given quality that is not affected by their conduct, though they become greedy and cruel employers or liars or thieves or tricksters without the slightest regard for honor. A number of these, inferior to any honest man, have made headlines in recent years.

Caste superiority is like the old "divine right" of kings. The egoist possesses it only so long as other people think he does.

BUGS BAER

I have before me a souvenir post card of oblivion from an admirer wishing that I was there.

He waxes indignant and his mutterings with one motion because I am rapping the United Nations.

Let's get this as straight as city plumbing. I deal with facts and not fancies, with results and not theory and with concrete and not the abstract. The UN was whipped up to bring peace to this corrupted world.

That was its object. Well, the assembled delegates have been mixing for two years and have yet to agree among themselves.

JACK TARVER

Through the West With Gun and Motive

New York's Gov. Dewey is making what he insists is a non-political tour of the West.

Take off that tourist's demeanor, we know you, Tom. The genuine sight-seer has an eye for the scenery rather than an ear to the ground.

Anything Dewey does between now and the GOP convention will be as non-political as an election-day cigar. Thus, when he goes West, you can be sure he is following, not Greeley's advice, but that of his board of strategy.

The Republicans have a rule against renominating a defeated candidate and Tom is out to be the exception which proves it.

Incidentally, if one has any idea that Dewey's Western tour is really non-political, pictures of him accepting honorary membership in an Indian tribe will shortly be along to allay it.

Meanwhile, his swing through the Midwest has already disproved one long-held Republican conviction . . . that it is impossible to invade Chicago without a permit from Col. McCormick.

GLADSTONE WILLIAMS

Another 'Purge' Proposed by Wallace

WASHINGTON—Writing in the current issue of the New Republic, of which he is editor, former Vice President Henry Wallace has stirred up another hornet's nest by proposing that President Truman undertake a "purge" of "reactionary" Southern Democrats in Congress.

"Labor's spokesmen," he said, "should call on the President to demonstrate the sincerity of his veto of the Taft-Hartley Labor Bill) by taking the leadership now to change the reactionary character of the Democratic Party in most Southern States."

Sen. Harry Byrd, of Virginia, never an admirer of Mr. Wallace, was the first to take notice of the proposal.

"No wonder," he commented, "Mr. Wallace wants to purge the Democratic leadership of the South because he was purged by the same elements when he wanted to be renominated for Vice President in 1944."

'Opportunist' Sen. Millard Tydings, of Maryland, himself an object of the attempted Roosevelt purge in 1938, accused Wallace of being a political opportunist, whose convictions have "shallow roots." He added:

"Mr. Wallace first says in the article that the purge campaign conducted by Roosevelt in 1938 was a mistake. Later on he says that question is now debatable. Aside from showing the shallow roots of Mr. Wallace's convictions, he says by inference that the methods of dictatorship, if they tend to accomplish the at-the-moment beliefs of Mr. Wallace, are justifiable. And yet here is a man many of his followers say, and who himself believes, is a liberal."

Sen. Tydings went on to say that a brief reading of Mr. Wallace's article "shows it presents him as an intolerant man, not averse to the technique and mechanics of the dictator."

"He seems ever ready to 'untie the churlish knot' of dictatorship, in order that the unraveled strings may aid his patented brands of what he likes to think is 'liberalism,'" the Marylander continued. "Any man who would embrace the technique and mechanics of dictatorship marries the shrew if 'the end justifies the means.'" Mr. Wallace's article indicates he would be happy living with such a spouse.

Text Here is part of what Mr. Wallace wrote in the New Republic: "In 1945, James Byrnes, Harry Truman and I were together before Roosevelt's funeral. I mentioned that the one outstanding political disagreement I had with Roosevelt was over the 1938 purge attempt, and that while I had felt I was right in questioning its feasibility at the time, I was beginning to feel that he had been right and that the issue was one which could not be avoided. Byrnes and Truman both believed that the purge was a mistake and that I had been right to oppose it. The 1938 situation is debatable. Roosevelt may have been premature. But there is no question about 1947. The forces of liberalism in the South have grown. The Democratic Party's very existence is threatened. Truman, as its head, must use the growing liberal forces to replace those who have continually supported reaction."

Thus, Mr. Wallace commits himself to the purge of Southern conservatives in the next national campaign. It will be an interesting fight if he carries through with it.

Threat? Some profess to see in his words a new threat of a third party in 1948, organized and built around labor. But on the latter score, at least, this does not hold water, because by vetoing the labor bill Mr. Truman tended to hold the ranks of labor intact for the Democrats.

It is hardly likely that Mr. Wallace could persuade this group to embark with him on a third party enterprise.

Still another interpretation placed on his article is that the former cabinet officer will not launch a third party movement at all, but instead, will make another attempt to capture the Democratic Vice Presidential nomination, to the extent of demanding and accepting, if offered, a place on the ticket with Mr. Truman.

Nomination So far as the practicality of the two suggestions goes, the latter seems to hold more water. It is extremely doubtful that Mr. Wallace could organize a third party of any major following. But he is in position to make a vigorous fight for second place on the Democratic ticket.

It is even conceivable that he might create a situation in the party where the President, in the interest of harmony, might consent to having him named with him. Stranger things have happened.

Ollie Reeves

Just a Rhyme a Day

"Attempting to oil creaking weather-vane on his barn, which disturbed his sleep, Farmer Ed Wheaton slipped, crashed in the hood of his new car and broke his leg and eye-glasses."—News oddity.

One trouble with folks like you and me, we never are happy with things that be. We all want money, a lot want fame, a prominent niche or a well-known name. With all of the gifts that the gods bestow, we're never content with the status quo. And we either look back to the dear, dead past, or we wonder how long tough luck will last.

A man's desire when his youth's in bloom, is the girl he loves and a furnished room. But a few short years and he's sick of that and we find him ensconced in a six-room flat— Then the kids arrive and you hear him swear that they got to be raised in the country air. And the first thing you know he has built a place that would make King Solomon hide his face. And he couldn't spend what he has stowed away if he lived 10 years past Judgment Day.

And now, you would think, he should be content with the kids grown up and a life well spent. But he still complains and his health goes down and the kids move off to another town. And all that's left is his tired spouse, a cross old dog and an empty house.

We're sorry to say that's the way it goes, but we trouble ourselves with minor woes— Then the big ones come and we soon find out, we didn't have much to complain about!

Celestine Sibley

The Education Of a Storekeeper

Our friend, Jack, went to Georgia Tech and got a degree in engineering. During the depression he made a living selling toilet paper. Since then he has had many jobs, some of them impressive and highly paid, some of them only so-so.

But the most educational way of earning a living in this world is his present occupation, Jack will tell you now. He is the owner-operator of a small variety store on the fringes of a rundown, shabby section of town, and although it has not mellowed him or made him philosophical, this job has certainly taught him things.

Jack is the kind of man who talks heatedly instead of warmly about his fellowman. He will slap the price of a ton of coal to a beaten, frightened woman while badgering and browbeating her husband for being a "sorry, no-count, low-down good-for-nothing."

He will give a child a nickel's worth of candy while berating her mother for spending too much on bright rayon lingerie and nail polish.

"These crazy people!" Jack snorts, stamping up and down. "Give 'em an inch and they'll swarm all over you! Let in one of their children and you've got the whole darned neighborhood on your hands!"

The reformer-social worker in Jack fights constantly with the thrifty storekeeper. He knows his little shop offers the only bright spot, the only glimpse of a better world to the dirty, hungry little children from the slums around him. He knows they look forward to coming in and fingering the toys, looking at the candy, maybe getting a piece when the case is opened and somebody else buys some.

But there's nothing gentle or tolerant in his tone when he tells about it. "Little devils!" he rages. "I'm running a \$7,000 playground seven cents. Will you let me have here. That's all. Why I can't even go in the back room without finding them swinging from the ceiling!"

THE THINGS his customers do to hear him tell it, have left Jack with a sore throat.

"Nine cents," she said.

Channing Cope

Bad Luck Follows

Well, it looks like this is one of those days when everybody at Yellow River has a chip on his shoulder. It isn't that we're mad at each other, but just can't seem to win for losing, if you get what I mean. Jackie Cope, our young Scotch friend, tangled with the horns like we said in a previous account and now Madame Missy has come down with a rheumatic hind leg or similar ailment. She can't walk with it and whines pitifully when it is lifted up for examination. These are the casualties, but this doesn't include the entire list of vexations.

For some reason or other and nobody knows why, there is an old red hen wandering around our home lot, all by herself. Lately she is attempting to take up with Gossie and Ghandi. They don't like the idea at all but this doesn't matter to the hen. She acts as if they were three of a kind. Both Gossie and Ghandi hiss at her, peck at her and often give her a chase of several yards, but the hen comes right back when the immediate excitement is over and acts just as if nothing had happened. This hourly round of battle keeps Ghandi upset and raises his temperature to an alarming high. He is ready enough to become angry with all and sundry, anyway.

DINTY, the cat, has taken on a new set of notions which do not contribute much to peaceful living. She has just graduated a little of her kittens and we have succeeded in giving them away, but she continues to bring in various forms of rodents just as she usually does when she is teaching her kittens to eat meat. This wouldn't be so bad if she left the rats in the yard but she deposits them under the house when she can't get into the house. Most of the time she stands outside the door whining and crying to be let into the house with her latest capture. And if any of us are careless, we suddenly discover cat and rat playing their tragic game right in the living room or kitchen.

The mocking birds are restless and up-in-arms against Dinty. So far as we know, she has never been a bird catcher, but lately the fledglings are beginning to cry from the various nests among the trees in the front yard, the mocking birds flit from limb to limb, lowering Dinty and dive-bombing her at every opportunity.

Uncle Will Johnson, our weather prognosticator and general factotum, is limping around with a belladonna plaster adhering to his head. Henry is suffering from the heat for the first time in his life, and King Bostick has cut his biscuit consumption down to eight units to personal ailments. And the whole business has contrived to give Aunt Susie the headache.

What's wrong around here anyway???

Georgia Editors Say:

Milk and Hogs

(Banks County Journal) Tater Rucker sold a hog last week for \$63. Says he believes he had fed it 1,000 gallons of butter milk. That he could have sold the butter milk for more money, but he would have had to deliver it all over town.

Harold Martin

Some Toys For Carmelita

GUAM—No use mentioning his name nor giving too close a description of him for somebody of the stuffy nature might recognize him, and do a little gossiping. You know how people are. Some things are right and some are wrong. . . . And older people, particularly people old enough to be a grandfather, are supposed to know what is right, according to accepted custom, and support it, no matter what. . . .

Anyway, he is an elderly gentleman of distinguished appearance and he has a big job out here, a job that puts him pretty high up the ladder when it comes to rank. He's an old-timer, out of World War I, who retired from the service after that war due to his health not being quite up to active duty, and he went to Harvard and studied law, and came out of law school to settle on the West Coast and make quite a name for himself in the practice of law. He did all right, financially and every other way, being particularly proud of the one son he had, a swell guy, he says, and pretty bright.

War Records Then this last war came along and he'd always kept his reserve commission in effect so they called him in, needing men with legal training. And the youngster made a pilot. He made a good one, his dad recalls, and he had quite a war record. Lots of missions flown, lots of Japs shot down, lots of ribbons to wear on his chest. But lots of danger, too, and loneliness.

Well, the war ends and the son goes back for discharge and his dad, who had about retired from law practice anyway, turns in to help with all the complex legal matters that have to do with military government.

So we sat for an afternoon talking about his job, and when the afternoon had ended there was still much I wanted to know so I said how about tomorrow, to talk some more.

"Sorry," he said, "Tonight I leave for Manila to be gone for three or four days."

"Okay," I said, and then, just making conversation, "What's going on in Manila? Anything I ought to know?"

Letter He smiled and handed me a letter. It came from State. "Dear Dad," it said. "I don't know exactly how to say this. But when I was in the Philippines there was a girl named Carmelita. To be frank about it, we lived together, and whenever I would move she would follow me. I guess you know how much that meant to a guy who was flying every day, and not knowing where he was going to land. I left there was a little Carmelita. I've got her picture here. She's a cute thing. And I was just wondering whether or not, with you in Guam and Manila not so far away. . . .

I looked up at him. He was smiling as fatuously as any grand-sire. He motioned to a corner where a big box sat, all packed and tied.

"That's where I'll be tomorrow," he said, "Over in the Philippines, with a box of toys and baby dresses for my new granddaughter."

Thomas L. Stokes

'Socialism' and Public Housing

WASHINGTON—All kinds of reckless charges have been made about the Federal Public Housing Authority and its program of disposing of large units of permanent war housing to present occupants, including veterans, through mutual ownership plans and sale to cities for low-income group housing projects.

The customary cry of "Socialism" is raised in the campaign by real estate interests and their friends in Congress to defeat such legislation which is in accord with generally accepted principles. The drive is concentrated behind proposed legislation already passed by the House and pending now in the Senate. It would transfer the Federal Public Housing Agency from FPH, which has initiated numerous negotiations to carry it forward. And it would require cash sale of all such projects by Dec. 31, 1948. How rigid cash sale would play into the hands of speculative interests, and to the detriment of veterans and communities, was explained here previously.

The "Socialism" cry is a fake and a fraud, as an analysis plainly reveals.

IN THE FIRST PLACE, sale to cities for low-income housing is hedged about carefully by the requirement in present law, which is to be continued, that every such sale must be submitted to Congress for approval. Already housing authorities in 47 cities have applied for purchase and transfer to them of 72 permanent projects of 18,000 units in those cities for low-income projects. This is in keeping with a long-recognized function of municipalities in the housing field.

As for sale to groups that now occupy them on a mutual ownership basis, that likewise is in keeping with the now widespread development of co-operative enterprise in this country, including farm co-operatives, which were given their start by Congressional endorsement and aid, and consumer co-operatives of all kinds.

Perhaps the most pertinent observation on this point came from Jerry Voorhis, for many years a Democratic Congressman from California. He was asked at House hearings on this legislation if the mutual ownership plan was a new

Gallup Poll

Truman's Popularity Down; Still Holds Majority

(Editor's Note: In the wake of President Truman's vetoes and his struggles with Congress, the Gallup Poll has just completed a special, intensive survey of political sentiment. How the country feels today about the parties and the candidates one year before the 1948 nominations is shown in a series of four exclusive reports by the Gallup Poll, of which today's is the first.)

By GEORGE GALLUP.

Director, American Institute of Public Opinion.

PRINCETON, N. J.—President Truman's general popularity with the voters has declined in the last two weeks. But the drop from May has not been sharp.

In late May, 57 percent of the nation's voters polled by the Institute approved of the way Mr. Truman was handling his job as President. Today, 54 percent say they approve, while 33 percent disapprove and the rest express no opinion.

Thus, one year before the 1948 nominating conventions, Mr. Truman in spite of his troubles with Congress continues to enjoy substantial support from the people.

Two powerful voting blocs account for a large part of his popularity and for the general strength of the Democratic Party—labor union members and farmers. Among those two groups Mr. Truman's popularity is greater than among any other major groups in the population.

The President went to bat for organized labor by vetoing the Taft-Hartley Act, expressing his opposition in vigorous language. Today's survey, which gives full reflection to the post-veto mood of union labor, finds that as compared to May the President has held his own with this group, and if anything has gained a little.

In the case of farmers, the long period of farm prosperity undoubtedly has a great deal to do with the present popularity of the head of the Administration in power.

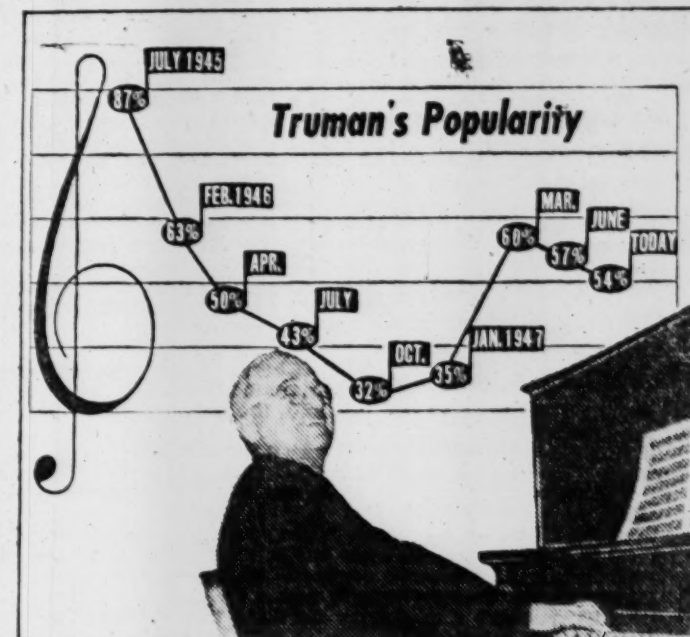

Table with 3 columns: Date, Union Members, Farmers. Data points for Nov. 1945, Feb. 1946, July, Oct., Feb. 1947, May, and TODAY.

JOHNNY BRADBERRY

Crackers Go From Hot To Cold; Back Again

NEW ORLEANS, La., July 10.—The Crackers are just like the young lady with the curl—when they're good they are very, very good, but when they're bad, they're terrible.

It's hard to understand just how a club can look like champions in one game and like bush-ers in the very next one. That's exactly what happened in the series finale with Mobile and the opening contest with New Orleans.

With Forrest Thompson on the mound against the Bears, the Crackers dashed all over the field with considerable enthusiasm for their work. They gobbled up ground balls, caught outfield flies with ease, and generally looked like an AA baseball club.

But the next night against New Orleans, what happened? Five errors were committed, three of them in the outfield. Several additional mental errors were not included on paper. It is doubtful if the boys could have beaten Waycross that night.

What's the answer? It beats us. There's no way of explaining it, and we imagine even the bookies are having a terrible time trying to figure it out themselves.

Watch Rauch, Says Trippi Charlie Trippi was lounging around the hotel room after the game. Since the club had lost, 12-3, the conversation naturally turned toward football.

"I think Georgia will have a great team this fall," Trippi remarked. "That line is going to be better than ever."

"What are they going to do for backs?" a newspaperman asked.

"Well," Charlie continued, "Coach Butts may be a little short in the backfield all right but don't forget there is one almost sure All-American ready to go. I'm talking about Johnny Rauch, the quarterback, who is as good as I've ever seen. They didn't give Johnny anything like the credit he deserved last year."

"They say he's slow. Well, I guess there are a lot faster backs around, but Rauch isn't slow. His gait is deceptive and he has a lot of power. I look for him to carry the ball a lot more this fall."

All of which was at least one pretty good authority's opinion of the gridiron prospects at Athens a couple of months from now.

Pels Gamble and Win The Pelican front office took a gambler's chance when it traded Red Lavigne, who had been challenging for the League's batting lead all season, for Pete Layden, the Texas speedster, who was batting an anemic .250 with Louisville.

The first reaction was that the Pels had given up on trying to catch Mobile. The fans didn't like it but Layden's play since arriving here has changed their opinion entirely and it looks as if the Pels have emerged on top in the trade.

Layden is probably the fastest man in the League. He is undoubtedly the best defensive centerfielder. He's colorful and the fans love it. There was more cheering for his theft of home Wednesday night than there was for Al Flair's homer.

He'll make them forget Lavigne if he keeps that sort of stuff up.

Engel Disappoints Hurth Charlie Hurth, the youthful and popular President of the Southern Association, was at the ball park and came up with one of the season's best lines.

"I have been waiting impatiently for a week now," he said, "for Joe Engel to come up with an announcement he is going to fly one of those flying discs people have been seeing between games of a double-header at Chattanooga."

Hurth has been President of the League for several months now. He's handled the job with firmness and dignity, which is as it should be. Writers around the circuit report they have not heard one word of criticism against him, which is about as good a barometer as possible.

Charlie has his office in part of the Sugar Bowl suite in the International Building here. However, the Sugar Bowlers are swinging back into action and Hurth is looking for new quarters.

Sugar Bowl Enlargement Speaking of the Sugar Bowl, Horace Renegar, Tulane's genial Publicity Director, reports plans are under way to enlarge the stadium by some 10,000 seats.

Nothing definite is known as yet, but indications are the stadium will be further double-decked to increase the capacity to about 81,000.

The Sugar Bowlers apparently are not going to be caught short by Miami and Dallas. Both the Orange and Cotton Bowls have announced plans to increase their seating capacity to some 60,000 each, which will offer serious competition to the New Orleans game.

Boulder Park Defeats Ex-Clemson Griddler Gate City Cards, 7-5 Signs With Boston

The Boulder Park Purple Hurricanes stopped the Gate City Cardinals, 7-5, Thursday in an American Legion baseball game at Glenn Field.

Boulder Park 150 000 001—7 10 3
Gate City 002 012 000—5 6 3

Thompson, Young (6) and Kelley, Foster (6); Donaldson, Wilkingsham (3) and Newsome.

Chipley started at Clemson before the war and played on the Naval Air Station team in Jacksonville, Fla., in 1942.

After leaving the service, Chipley enrolled at Washington and Lee.

Don Black Pitches No-Hitter for Indians

Faces Only 31 Batters In 3-0 Win

CLEVELAND, July 10.—(P)—Don Black, former "bad boy" pitcher with the Philadelphia Athletics, Thursday night hurled a no-run, no-hit game against his former teammates, The Cleveland Indians won, 3 to 0.

His achievement climaxed a comeback campaign which started with the Indians this Spring after he was shipped to Milwaukee last year. He won no games there and lost five.

The Indians obtained Black via the waiver route in the Fall of 1945, but he failed to make the grade after the 1945 season opened and was sent to Milwaukee.

It was the first no-hitter pitched this year in the American League, and the only previous major league game of its kind this season was pitched by Ewell Blackwell of the Cincinnati Reds against Boston on June 12.

Walking six men, Black pitched to a total of 31 Athletics.

The right-handed fireballer was wild as a jitterbug at the start of the game when he walked leadoff man Eddie Joost and Barney McCosky in succession. Black settled down, however, to strike out Elmer Valo and retire three straight batters.

Joe (Flash) Gordon, Cleveland's second sacker, made a brilliant catch of Valo's popper in the second inning which eventually saved Black's no-hitter. Turning his back to the plate when the ball left Valo's bat, Joe raced deep toward right field and tucked the ball into his outstretched glove at full speed.

Joost whistled a near-double down the left field line in the third, but the ball curved foul by inches and Black proceeded to strike out the A's shortstop.

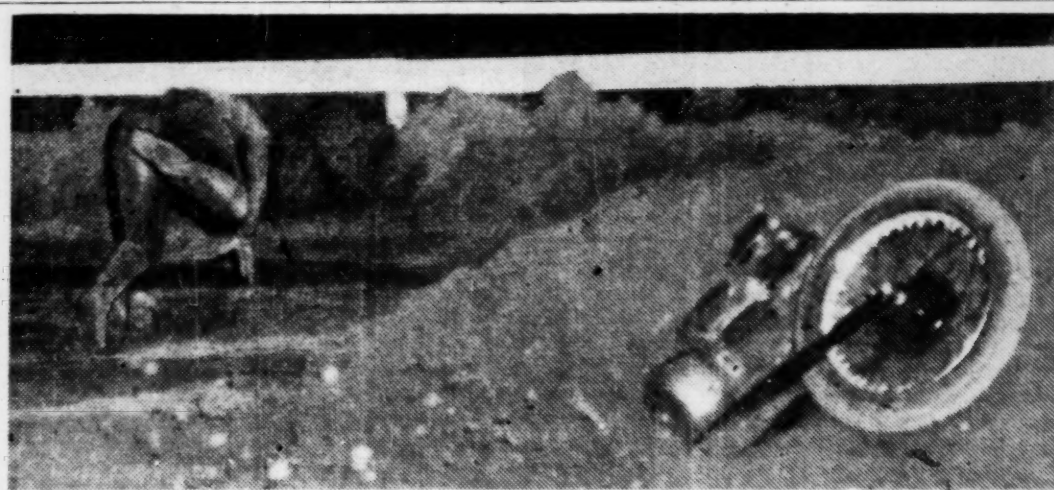

Unable to control his speed in the early innings, Black walked six batters, but issued no free passes during the last three innings.

Black, who joined the Alcohols Anonymous last Winter and credits that membership with his pitching "reformation," slowed down his pitching pace in the seventh when he and the crowd of some 45,000 fans seemed to sense that he was on the threshold of baseball immortality.

Mopping oozing perspiration from his brow repeatedly, Don walked slowly around the mound between pitches, kicking imaginary pebbles from the stadium infield. Returning to the mound in the third after a 45-minute delay because of rain, he appeared to grow stronger as the game progressed.

The crowd groaned momentarily in the seventh when Cleveland Center Fielder George Metkovich raced in for Hank Majeski's towering drive to center—and then reversed himself in time to speed nearly to the stadium fence to pull down Hank's 400-foot poke.

The Indians supported Black with faultless fielding and a 10-hit attack, to which he contributed two solid bingles. Singles by Eddie Robinson, Gordon, Jim Hegan and Metkovich, plus Black's perfect squeeze bunt gave the Indians their trio of runs in the second.

DRIVER CHEATS DEATH—R. B. Miller, Atlanta, leaps from his spinning motorcycle in time to avoid a crash after a fellow driver had cut in front of him in Wednesday night's Lakewood motorcycle races. The accident occurred in one of the prefinal heats. Miller walked away from the wreck unhurt.

Furgol, Schoux Fire Record 60 To Take Lead in Inverness Meet

TOLEDO, Ohio, July 10.—(AP)—Ed Furgol, of Pontiac, Mich., and George Schoux, of San Francisco, teamed up as the perfect pair Thursday to blaze a birdie trail into a long lead in the first round of the tenth Inverness Four-Ball Matches.

The youngsters, newcomers to the best-ball classic, set a new scoring record for the event as they combined to score nine birdies and an eagle for a 30-30—60, an 11-under-par performance which gave them a six-up edge over Vic Ghezzi, former PGA champion, and (Porky) Oliver of Wilmington, Del., runner-up in last week's Tam O'Shanter tourney at Chicago.

Furgol came up with the eagle on the par five fifth, pushing in a three-foot putt, but Schoux contributed the record-setting putt, a 12-footer for a birdie on the final hole. The best-ball score of 60 erased the old mark of 61, set by three different twosomes over the previous nine tournaments.

Ben Hogan, 1946 PGA champion, and Jimmy Demaret, the defending seven-match tourney Apene the seven-match tourney with a two-up win over Sam Snead, last year's British Open king, and Dr. Cary Middlecoff. The defending champs were six under par for the 18 holes.

Two former National Open champions, Lloyd Mangrum and Lawson Little, also teamed up for a 33-32—65 to take a one-up win over Herman Barron, last year's Tam O'Shanter victory and Herman Keiser, former Masters champion from Akron.

Lew Worsham, the brand-new National king from Pittsburg, and John Fulmer, of Baden, N. C., clipped only three strokes off par on their best-ball round, and they finished one down to Phil Wines, the former National amateur and professional tennis champ, and Clayton Heafner, the big blond from Charlotte, North Carolina.

The "sweet 16" registered 50 birdies and one eagle as they tore the course apart in the first round of the \$10,000 tournament, in which the winners take down \$3,000.

Friday's matches: Morning—Vines-Heafner vs. Ghezzi-Oliver; Furgol-Schoux vs. Worsham-Palmer; Hogan-Demaret vs. Mangrum-Little; Snead-Middlecoff vs. Barron-Keiser.

Afternoon—Mangrum-Little vs. Worsham-Palmer; Snead-Middlecoff vs. Furgol-Schoux; Barron-Keiser vs. Ghezzi-Oliver; and Hogan-Demaret vs. Vines-Heafner.

THURSDAY'S RESULTS

Southern Association
New Orleans 6, Crackers 4 (10 in.).
Nashville 9, Little Rock 3.
Birmingham 10, Chattanooga 2.

American League
New York 4, St. Louis 3.
Boston 2, Detroit 2 (6, called, dark).

National League
Cleveland 3-2, Philadelphia 0-1.
Boston 6-1, Cincinnati 4-2.

Philadelphia 7-2, Pittsburgh 2-1.
St. Louis 11, New York 4.

Southern Association
(No games scheduled)

American Association
Columbus 2-8, St. Paul 1-4.
Louisville 7, Kansas City 7.

International League
Milwaukee at Indianapolis (p.p. rain).
Minneapolis at Toledo (p.p. rain).

Pels Rally in 9th, Top Crackers, 6-5

NEW ORLEANS, July 10.—A five-run outburst by the New Orleans Pelicans wiped out a four-run Cracker lead and gave the Pels a 6-5 victory over Atlanta in the second game of the series.

The two teams meet again Friday night with the participants of the recent pitchers' swap between the two clubs meeting on the mound. Barney Cook is slated for hurling duties for Atlanta against George Diehl.

With one out in the fifth, Ellis beat out a hit to second. Ciesla singled to left and Logan lined a single to right, scoring Ellis. Glick also singled to right, scoring Ciesla. Aleno doubled to deep center, scoring Logan and Glick. Aleno himself scored when Medina cut off the throw and threw wild to center field. Buccola beat out a bunt and Ulinsey doubled to center. Kimberlin then replaced Medina. Buccola was out at home when Adkins missed an attempted squeeze play bunt. Stumpf then backed against the wall to take Adkins long drive to left to end the inning with Atlanta five runs ahead.

New Orleans got a run after two were out in the sixth on a double by Stumpf and a single by Layden. The Crackers got a scare in the eighth when Trippi, trying to beat out a bunt, tripped over first base and apparently re-injured his right shoulder. However, after first aid, he appeared to be all right. In this inning, Fitcher Smola threw out all three Cracker batters.

In the ninth, Flair, Wright and Held singled in succession for a run. Kozar doubled to the left field fence for another run and Kinney replaced Adkins for Atlanta, with the tying runs on third and second. Walters then blasted a curve ball over the left field fence to win the game.

Grant To Play In Savannah

SAVANNAH, July 10.—Atlanta tennis champion, Betsy Grant, and her doubles partner, Russell Bobbitt, will be featured in a singles exhibition Sunday afternoon at the General Oglethorpe Hotel.

In a doubles exhibition to follow, Grant will team up with Savannah amateur, John Tyre, against a combination of Bobbitt and Erskine Smith, tennis instructor at the General Oglethorpe.

Bobby Jones Meet Enters Quarterfinals

With eight survivors in the championship flight leading the way, the Bobby Jones Golf Club moved into the third round of its championship tournament this week. Second round results: Championship flight: Bob Dell, Jr., beat J. H. Avery, 1-up, 22 holes; Jack Deacon beat Russell Bridges, 1-up; W. Jackson beat Walter Brown, 2-1; Billy Henderson beat O. A. Dunlap, 1-up; Mackie Brown beat Jack Nixon, 2-1; Paul Mullins beat Jack Mosbrook, 2-1; Gordon Clay beat Norman Ficke, 1-up. First flight: Herschel Hurwitz beat Sam Riddick, default; J. Brock beat J. W. Wilbanks, 2-1; Bob Cousins beat Bill Langston, 2-1; Paul Cobb beat Deward Hull, 3-2; Malcolm Hirsch beat Eric Erickson, default; Hal Spears, Jr., beat T. C. Mann, 4-3; Ray Daniels beat Joe Kahler. Second flight: Richard Waters beat Roy North, 2-4; Col. Oxner beat Bill Boring, 5-4; Jack Butler beat Tom Pate, 1-up; Joe Zane beat Jim Drew, 1-up. Third flight: Bill Middleton beat N. A. Townsend, Jr., 4-2; Brice Tyson beat W. A. Holbrook, 4-4; Rubie Thomas beat E. J. Campbell, 2-1; Brad Boring beat Ed Pace, default. Fourth flight: Dixie Anderson beat Ben Gonzales, default; James Reed beat Clayton Roberts, 7-6; H. C. Lynch beat J. H. Beard, 3-2; C. C. Clay beat W. T. Swartz, 2-1. Fifth flight: Don Sanders beat Roy Cook, 3-2; Bill Wrigley beat Walter Simmons, 4-3; Charles Duke beat Thomas Tidwell, 2-1; Les Myers beat Charlie Peacock, 4-3. Sixth flight: M. A. Slambough beat Charles Dinning, default; O. A. Munoz beat Abe Stine, 1-up.

Rookie's Grand Sam Homer Wins for Tech

Utility Outfielder Jack Sedberry, who didn't get into an apparently lost game until the ninth inning, picked out the first pitch and slammed it over the wall for a home run that cleared the loaded bases and gave Georgia Tech's Summer baseball nine an 11-8 victory over Paolet Mills, of Gainesville, at Rose Bowl Field Thursday. Sedberry went to the outfield in the first of the ninth to replace Hank Lankford, who moved to the mound to relieve southpaw Art Jennings. Jennings, although hit freely, had held Paolet to two runs and had struck out 11 batters, but lost his 4-2 lead in the eighth on a three-run roughing. The Jackets picked up a lone run in their half to tie the score at 5-5, but three more tallies off Lankford gave Paolet an 8-6 margin. Joe Keener and Rudy Stewart got on base on errors and Bob Broward loaded the bases with a scratch single. Tubby Walton was hit by the pitcher to force in Keener, leaving the bases loaded and setting the stage for Sedberry's game-winning clout.

Radcliff Tosses Shutout In Debut

SWAINSBORO, Ga., July 10.—(P)—Hugh Radcliff, 18-year-old former high school star at Thomson, hurled a no-run game Thursday in his first start with Swainsboro's semi-pro team. Swainsboro defeated Statesboro, 7 to 0, in an Ogeechee League game behind the masterful pitching of Radcliff, who played in the National High School Tournament last year.

Lakewood Boys Club Cards Bouts Tonight

A 10-match boxing card at the Lakewood Heights Boys Club will inaugurate the club's new boxing ring tonight. Main event will be the bout between Clifford Fuller, the 145-pound ex-GMA boxer who has an undefeated string of 10, and Walter Butler, of the Orchard Knob Athletic Club. Sharing top billing will be a match between Buddy Wilkins, recent Ohio State Golden Gloves winner, at 155, and Gene Mayes, a consistent winner in the Lakewood Park series. Other matches: Leon Carter, 149, vs. Dan Keshan, 152; Shag Parker, 155, vs. Pecos Carlton, 157; Robert Tidwell, 122, vs. Edward Hunt, 120; Boyce Martin, 105, vs. Gilbert Wright, 100; Jerry Terrell, 120, vs. Jack Hunt, 115; Ed Wallace, 86, vs. Jackie Gilreath, 82; Sammy Jenkins, 76, vs. Alex Jenkins, 71.

PLAYER DIES AFTER BEING HIT BY PITCHED BALL

SWEETWATER, Texas, July 10.—(P)—James N. (Stormy) Davis, 26, of Chickasaw, Ala., died Thursday from an injury received when struck by a pitched ball in a Longhorn League baseball game. Davis died at 2 p. m. in a Sweetwater hospital from a brain hemorrhage. He was struck on the head in a game between Ballinger, the club with which he played, and Sweetwater Thursday night of last week.

Abrams, Belloise Head Garden Fights Friday

NEW YORK, July 10.—(P)—A couple of the middleweight division's better brawlers—Georgia Abrams and Steve Belloise—tangle in a 10-rounder to headline Madison Square Garden's weekly boxing card Friday night, and Abrams is a 5 to 8 favorite to repeat a win he chalked up nearly a year ago.

BEGINNING MONDAY, JULY 14, 1947

33 YEARS OF SERVICE

LAST CHANCE—Robert Johnson, center, is working night and day on his Soap Box Derby racer, for this year is his last chance to win this prize of boyhood. In the 1946 races, Bob was clipping along toward the finish line when his steering gear broke. He'll be 16 the day after the July 19 finals, and therefore not eligible to race again. Working with him in the Atlanta Boys Club shops, but on their own racers, are Bobby Fields, left, and Charles Owens, right. They'll race each other.

INSPECTION PREAMBLE

Boys' Club Derby Entrants Ready Cars for Big Race

By CLARK HOWELL, JR.

They're hard at it down at the Atlanta Boys Club, 402 Pryor St.—grinding out five fast-running, streamlined Soap Box Derby racers.

In the basement workshop of the Club building, the boys are working to complete their cars for official inspection which begins Monday.

"The boys still have plenty of work to do, but they'll be ready for the big day," L. C. Daniels, craft instructor of the Atlanta Boys' Club, assured a Soap Box Derby official. "A couple of the boys have paper routes, and the others work on the Boys' Club farm. It's hard for them to find time to finish their racers," he explained, "but they'll be ready."

Robert Johnson, who will be 16 the day after the race, thereby becoming ineligible to enter the Derby next year, is counting strong on winning this year. Last year, when he raced, he was going great until his steering gear went haywire, and he was disqualified.

"This will be my last chance to win, and I'm going to make the most of it," the Derby entrant said, pausing from his work momentarily.

Others who will enter the Derby from the Atlanta Boys' Club include James Johnson, 13, Robert's brother; the Lanford brothers, Eugene, 14, and Leon, 11, and Charles Owens, 14.

Official inspection of Derby

RACER INSPECTION STARTS MONDAY

Official inspection of all Soap Box Derby cars will begin at 9 a. m. Monday at the Decatur Chevrolet Company and the East Point Chevrolet Company. Inspections will be held from 9 a. m. to 5 p. m. Tuesday at the John Smith Chevrolet Company, 336 West Peachtree St., N. W., and at the same time Thursday at the Downtown Chevrolet Company, 329 Whitehall St., S. W.

Every derby car must be inspected on these dates to insure highest safety protection.

Racers begin Monday at the Decatur and East Point Chevrolet Companies; Tuesday at the John Smith Chevrolet Company, and Thursday at the Downtown Chevrolet Company.

Prior to the Atlanta Soap Box Derby, the City of Carrollton will hold a Derby Saturday, July 12, and Griffin will hold its Derby Wednesday, July 16. The winners of these races will compete in the finals of the Atlanta Derby, July 19.

The Soap Box Derby is sponsored by The Atlanta Constitution and Atlanta area Chevrolet dealers.

Thompsons Leave For Governors' Meet

Acting Gov. and Mrs. Thompson left Thursday for Salt Lake City, Utah, where they will attend the National Governors' Conference.

Others in the party, which will return here July 20, are Frank Arnold, Aide to the Acting Governor, and Mrs. Arnold; M. L. St. John, Political Editor for The Constitution, and Mrs. Sarah Giles, Thompson's Personal Secretary.

Mississippi Tour Train To Stop Here Monday

The "Know Mississippi Better Train" will stop at the Terminal Station Monday from 8 a. m. to 11 a. m. Phil Landrum, Executive Secretary to Acting Gov. Thompson, was notified Thursday.

Landrum said the train, enroute to the Maritime Provinces of Canada, will contain special exhibits from Mississippi and will be in charge of Dennis Murphree, twice Governor and three times Lieutenant Governor of Mississippi.

Approximately 200 prominent citizens of Mississippi will be on the train which is making its fourteenth annual tour.

Yancey To Attend Sigma Pi Meet

Louis D. Yancey, Jr., Atlanta attorney and archon of Lambda Province of the Sigma Pi Fraternity, will attend the Fiftieth Anniversary Convocation of Sigma Pi in Indianapolis Sept. 5 and 6.

Harold Jacobsen, Executive Secretary of the brotherhood, has announced.

Yancey, a graduate of Emory University, was named alumni advisor to Sigma Pi chapters at Emory University and Alabama Polytechnic Institute at Auburn, Ala., by National Pres. Becher W. Hungerford last March.

Two Arrested On Vets' Charge

J. C. Bishop, of Marietta, President of the U. S. Homes, Inc., and Robert H. Jones, III, 25 Woodcrest Ave., N. W., Atlanta, a director of U. S. Homes, were arrested Thursday by Sheriff Harry Scoggins, of Cobb County, on a charge of selling securities without license.

They were released a short time later on bonds amounting to \$1,000 each.

The two corporation officials were arrested on criminal warrants sworn out by Fred C. DeLoach and Alton C. Loudermilk, both veterans who had invested in the organization. The arrest was made at the U. S. Homes plant on the Bell Reservation in Marietta. Sheriff Scoggins said the case is set for July 28 in the Cobb County Superior Court.

A petition was filed in the Cobb County Court last week by a group of veteran stockholders asking that a receiver be appointed for the corporation. They alleged that Bishop had gained control of the \$360,000 investment which 190 veterans of World War II had made in the organization.

Mrs. Dwyer Is Suggested For Juvenile Judge's Post

Mrs. Frances Craighead Dwyer, Atlanta's current Woman of the Year, has been suggested for appointment as Judge of the Juvenile Court, to fill the vacancy created by the death Thursday of Judge Garland Watkins.

The post as Juvenile Judge has been held for years in Memphis by a woman, Camille Kelley, whose success in dealing with the problems of youth has won national acclaim.

Frank Fling, Secretary to the Fulton County Commission, is mentioned prominently for the judgeship and is known to have strong support among law enforcement officers.

Others who are under consideration are J. E. Thrift, Assistant Solicitor of the Criminal Court of Fulton County and former Legal Aid Society counsel, and Carlton Binns, Atlanta attorney. Fulton Superior Court right to Mrs. Dwyer served for many select.

Huge Wheat Crop But Less Corn Is U. S. Prediction

WASHINGTON, July 10—The Agriculture Department today forecast this year's corn crop at 2,612,809,000 bushels and all wheat at 1,433,551,000 bushels.

The corn estimate compares with last year's record of 3,287,927,000 bushels and with a 10-year (1936-45) average of 2,639,102,000.

The prospective reduction in corn reflects damage caused by Spring floods and by delays in getting the crop planted due to wet weather.

Officials hope for a crop of at least 2,850,000,000 bushels. They say a crop of less than this amount would force curtailment in live-

stock production and prolong high prices for meat. The Government's goal is 3,000,000,000 bushels. The wheat estimate is the largest of record, comparing with 1,155,715,000 harvested last year, which was the previous top crop and with the 10-year average of 890,306,000.

One glimpse of this foursome and you have a pretty good idea of the beauty and charm that will characterize next Winter's debutante ranks. The quartet, who will doubtless be outstanding members of the 1947-48 Debutante Club, includes, from left to right, Misses Emily Pruitt, Fritz Yundt, Virginia Harri-

son and Lolette Hume. Miss Pruitt is the daughter of Dr. and Mrs. Marion C. Pruitt; Miss Yundt is the daughter of Mr. and Mrs. George Yundt; Miss Harrison is the daughter of Mr. and Mrs. DeSales Harrison, of Chattanooga, formerly of Atlanta; and Miss Hume is the daughter of Mr. and Mrs. Foster Hume, Jr.

Constitution Staff Photo—Hugh Stovall

Miss Kendrick Brown Weds Mr. Forrer in Mt. Jackson, Va.

ENDLESS CAVERNS, Va.—The marriage of Miss Helen Kendrick Brown, daughter of Mr. and Mrs. Edward Mitchell Brown, to Thomas Herring Forrer, son of Mr. and Mrs. Joseph Deyerle Forrer, took place last evening at St. Andrews Episcopal Church, Mt. Jackson, Va. The Rev. Francis A. Brown, Rector of the Church, performed the ceremony.

Given in marriage by her father, the bride wore a gown of ivory satin and her mother's bride veil of French illusion, falling from a coronet of orange blossoms. She carried a shower bouquet of gardenias and stephanotis.

Mrs. Peter Wheelock Morton, of Marblehead, Mass., twin sister of

the bride, and Mrs. Edward Mitchell Brown, Jr., of Endless Caverns, sister-in-law of the bride, were matrons of honor. Their gowns were of aquamarine silk crepe made on simple lines, with wide gold belts. Each carried a bouquet of yellow roses and stephanotis and wore a halo headpiece of similar flowers.

The bridesmaids were Miss Joan Payne Smith, of Atlanta; Miss Caroline V. Crown, of Harrisonburg, Va.; and Miss Mary Sue Guard, of New Market, Va. Their gowns were the same in color and style as those of the matron of honor, and so were their flowers and headpieces.

Edward Mitchell Brown, Jr., brother of the bride, was best man. The groomsmen were Peter Wheelock Morton, of Marblehead, Mass.; William Woolf and Thomas W. Williamson, of Harrisonburg, Va.; and Charles Stuart, of Winchester, Va.

The church was decorated in white flowers and palms. The church organist, Miss Helen Wine, presented a musical program.

Following the ceremony, a reception was held at the home of the bride's parents, "The Farm House," Endless Caverns. Assisting at the reception were aunts of the bride, Mrs. Benjamin King, of Washington; Mrs. Alexander Wyly Smith, of Atlanta; and Mrs. Theodore H. Smith. The house was decorated with white flowers.

Mrs. Forrer's traveling costume was a French blue wool crepe suit, worn with accessories of yellow and brown, and a small yellow ribbon hat.

The bride is a granddaughter of the late Col. and Mrs. Edward T. Brown and the late Mr. and Mrs. Alexander W. Smith, of Atlanta and Washington.

Mr. Forrer is a grandson of Thomas Griffin Herring and the late Mrs. Herring, of Harrisonburg, and the late Mr. and Mrs. Samuel Forrer, of Mossy Creek, Virginia.

Out-of-town guests were the bridegroom's parents, Mr. and Mrs. Joseph D. Forrer, of Jackson, Mich.; Mrs. Harry L. Eichelberger, of Lexington, Va.; Effinger Her-

ring, of Herring Hall, Natural Bridge, Va.; Mr. and Mrs. Alexan-

der W. Smith, of Atlanta; Mr. and Mrs. Theodore H. Smith and Miss Doris Smith, of Detroit; Mrs. William F. Ronald, of Daytona Beach; Mr. and Mrs. Benjamin King, Jr.; Mr. and Mrs. William Pratt, Mrs. Littleton Hambley, Mrs. C. M. Spainhour and Miss Mary Sue Spainhour, all of Washington, D. C.; Mr. and Mrs. Herschel M. Watson, of Greensboro, N. C.; Mrs. Oliver Perry Morton, of Marblehead, Mass.; Mr. and Mrs. J. N. Orebaugh, of Norwalk, Ohio; and Mr. and Mrs. Robert Allen, of Asheville, N. C.

After a wedding trip, Mr. and Mrs. Forrer will reside in Charlottesville, where Mr. Forrer will continue his studies at the University of Virginia.

Mrs. Forrer chose July 10 as her wedding date because her twin sister, the former Margaret Bliss Brown, was married to Peter Wheelock Morton on that date, at the same hour, and in the same church, last year.

Kappa Theta Plans

Members of the Kappa Theta Sorority will attend First Methodist Church together Sunday morning. After church services, the group will go to The Tavern for dinner.

In the afternoon, members of the Active Chapter of the Sorority will attend a tea given in their honor by the Alumni Chapter at the home of Mrs. Nell Morse in Avondale Estates.

SALLY FORTH Says:

The appearance of the first Fall hats and the first sleek black satins in the shop windows along Peachtree is the signal that it is undoubtedly time to speculate on next season's debutantes. The list of the Winter's buds is definitely news of the first magnitude, and even an unofficial forecast of the personnel becomes news of importance when a scant six weeks intervenes between now and the September organization of the Debutante Club of 1947-48.

There was no little enthusiasm about the prospect of their first season among the eligible young belles whom Sally interviewed on the subject. Among those who have made up their minds to bow ("if we're invited, of course") are Fritz Yundt, daughter of Mr. and Mrs. George Yundt, and Lolette Hume, daughter of Mr. and Mrs. Foster Hume, Jr. Following her graduation from Washington Seminary, Fritz matriculated at the University of Georgia. Also a graduate of the Seminary, Lolette finished at Stratford Junior College in Danville, Va. She plans to enter Vanderbilt University this Fall, but will make her bow to society during the Christmas holidays.

Another certainty on the 1947-48 debutante roster is Virginia Harrison, known affectionately as "Missie." Though she now lives in Chattanooga with her parents, Virginia and DeSales Harrison, "Missie" is perhaps better known in Atlanta, where she was "born and bred" and where she frequently visits her grandparents, Mr. and Mrs. Robert B. Pegram, at the Biltmore Apartments. Her plans are to divide her time between Atlanta and Chattanooga and to make her bow in both cities.

Still another who is rather definite on the subject of a debut is Betty Slaton, daughter of Mr. and Mrs. John M. Slaton, Jr. "I have not discussed the matter with mother," Betty said, "but if my best friends make their bows, I'd like to make mine during the Yuletide holidays." Betty expects to return to Randolph-Macon for her junior year in September.

Sarah Finley Rogers, daughter of Mr. and Mrs. John C. Rogers, will enter her junior year at Agnes Scott in September and she plans to board at the college. But with the privileges extended to juniors, she will be able to spend every weekend at home, and will likely join the Debutante Club. Sarah Finley leaves this weekend for New York to study at the American School of Ballet for the next three weeks.

Alice Mitchell will return to her studies at the University of Georgia, but will be near enough to make her bow with her contemporaries during holidays from school. Ditto for Emily Pruitt, who will return to school at Sweet Briar when the leaves begin to turn, but who will doubtless join the club to make her bow during the holidays. Betty Hopkins, the eldest of that attractive trio of Hopkins sisters, will be a junior this Autumn at Wesleyan. It is possible that she may also join the debutante ranks and bow during the holidays.

As a counselor at Camp Junaluska in North Carolina this Summer, another who is out of the city for the Summer is Mildred Flowers, who with her mother, Mrs. Hampton Flowers, is spending the season at Bridgewater, N. H. They will return to Atlanta Sept. 1.

A duo of pretty brunettes, Kate Holmes, daughter of Dr. and Mrs. Walter Holmes, and her close friend, Jeanette Wilcox, whose parents are the Cleveland Wilcoxes, plan to make their bows together. Kate, who graduated in June from Bradford Junior College, will continue her studies at the University of Georgia. So the surmise is that she and Jeanette will "come out" during the Christmas or Thanksgiving holidays.

Ann Harrison, who finished at Pine Manor and is now trying to decide on a college to enter this Autumn, is very debut-minded, but has made no definite plans along these lines. And so it is with Ellen Quarterman, attractive daughter of Mr. and Mrs. Keith Quarterman, who attended the University of Georgia last year. Mary Ann Patterson thinks a debut would be wonderful. She expects to return to Sophie Newcomb in September to begin her junior year, but she will "fall in" and perhaps make her debut during the holidays, provided her close friends decide on the same course.

Popular Jean Hess will begin her junior year at the University of Georgia in the Autumn, but she is definitely on the list of prospective debutantes for the 1947-48 season. Ailene Minor, the C. V. Minors' attractive daughter, had given the matter very little thought when this went to press, but she expects to follow suit if her intimates make their bows this Fall. Ailene, who attended Maryland College last year, will matriculate at the University of Georgia in September and will enter the senior class.

A trio of "prospects" for the deb season includes Bertie Beers, Mary Anne Robison and Helen Terry. Bertie is vacationing at Sea Island and Mary Anne and her mother, Mrs. Douglas Robertson, are at Highlands, N. C. Helen, the daughter of the Bland Terrys, finished at Holton Arms in Washington, and is enrolled at the University of Georgia.

Julia Pennington will enter the junior class at Agnes Scott this Fall and, if she bows, will add luster to the group of belles remaining at home. Jackie Jacobs is another "stay-at-home" who hasn't given much thought yet to making a debut, but who is definitely interested. Jackie attended Sweet Briar for two years

Forecast of Debutante List Heralds Brilliant Winter

and will be a junior this Fall at Agnes Scott. The Atwood Coles daughter, Virginia, who holds a position with the Retail Credit Company, is on the undecided list, but she likes the idea of making a debut.

As said above, this list is by no means official. Neither is it at all complete. However, the charm and popularity of the suggested candidates for next season's debutante ranks will give you an idea of the brilliant Winter in prospect for Atlanta society.

CELEBRATE TWENTY-FIFTH ANNIVERSARY

Those popular Atlantans, Mr. and Mrs. John H. Newton, celebrated their twenty-fifth wedding anniversary at a family party held at the Paradise Room on Wednesday evening.

The couple was "the toast of the evening," so to speak, with the orchestra playing "I Love You Truly" in their honor. They received a handsome silver tray as a gift from their guests, and Mrs. Newton wore a cluster of purple orchids which were presented her by her husband. The climax of the evening was the cutting of the beautifully decorated wedding cake.

In addition to Mr. and Mrs. Newton, covers were placed for Miss Louise Moeckel, Dr. and Mrs. Avary Dimmock, Mr. and Mrs. Harry Dorn, and their granddaughter, Doris Anne Peterson, of Long Island City, N. Y.

Mrs. Butler Feted

Misses Ruby and Marie Taylor will compliment Mrs. Joseph W. Butler, a recent bride, at a tea on Sunday from 6 to 8 o'clock. The hostesses will be assisted by their mother, Mrs. L. F. Taylor, and their sister, Mrs. James P. Taylor.

Wesleyan Group IV

Group IV of the Atlanta Wesleyan Alumnae Club will meet Saturday, at the home of Mrs. W. R. Bentley, 3700 Peachtree Rd., N. E., instead of at Monroe Gardens as previously announced.

MOVIE REVIEWS

Sinister 'Mrs. Carrolls'
Unpleasant, Vicious Yarn

By PAUL JONES

"The Two Mrs. Carrolls," an unpleasant, vicious psychological yarn about a mad artist who disposes of his wife when she no longer is an inspiration for his work, occupies the top spot on this week's entertainment calendar. It's at the Fox.

Although burdened by a bulky dialogue which becomes a mill-

stone around the necks of Alexis

Smith, Humphrey Bogart and Barbara Stanwyck, the film's sinister

theme is the type thing the

distasteful fans swallow hook,

line and sinker. The murder an-

gle is embel-

lished by the

romantic pre-

tending of Bo-

gart, who, de-

spite his poker

face, still has a

legion of femi-

nine admirers.

Mark Hellinger produced this

opus. He must have had in mind

another "The Killers," but, if that

is true he certainly can't be satis-

fied with its outcome. His dia-

logue is dry, unwitty and unat-

tractive. The action is subordi-

nate to the soupy, ill-lit scenes

and the extraordinary musical

score by Franz Waxman which

sets the pace for the entire play.

Barbara Stanwyck's role as the

second Mrs. Carroll is not her

best, but it is sufficiently impor-

tant to keep her at the top of

filmdom's big money makers. Bo-

gart, on the other hand, is grossly

miscast. He is not the least im-

pressive in the role of an artist

who is driven to murder a woman

for the love of another. Alexis

Smith's few scenes are done with

the easiness which characterizes

most of her work.

After looking at the box-office

receipts of "The Two Mrs. Car-

roll," in other cities, it is ap-

parent Miss G. can lay claim to

fame only because of a pair of

pretty legs which she has dis-

played rather prominently in all

her pictures to date. For in "Miss

Pilgrim" Betty Grable hides those

gams under a half dozen petti-

coats and an ankle length dress,

and the box-office receipts have

taken a decided nosedive.

"Miss Pilgrim" is an entertain-

ing little farce about a girl who

pioneers the secretarial field by

becoming the first "typewriter"

in the land. A "typewriter," ac-

cording to "Miss Pilgrim," is a

girl who does office work. This

she accomplishes despite the in-

tolerant Boston society of that day.

There's nothing wrong with Bet-

ty's dramatic work and Dick

Haymes and Allen Joslyn and

Gene Lockhart assist her capably.

But, the fact remains, Grable is

not Grable without legs—and lots

of 'em.

Paraguay Fortifies
Against Rebels

BUENOS AIRES, July 10.—(AP) Dispatches from the Argentine-Paraguayan frontier said Thursday the Paraguayan Government was reinforcing its defenses along the eastern bank of the Paraguay River against an attempt of rebel forces to open a new naval front in the four-month-old civil war.

The dispatches said the gunboats Paraguay and Humaita, seized by the rebels in Argentine waters, were being moved up in defiance of an ultimatum by Paraguayan President Higinio Morinigo. The vessels last were reported sighted near the Argentine city of Corrientes.

The reports said a large number of vessels carrying Loyalist troops could be seen from the Argentine shore and that defenses were being constructed at the ports of Pilar, Humaita and Paso de Patria.

ed to the soupy, ill-lit scenes and the extraordinary musical score by Franz Waxman which sets the pace for the entire play.

Barbara Stanwyck's role as the second Mrs. Carroll is not her best, but it is sufficiently important to keep her at the top of filmdom's big money makers. Bo-

gart, on the other hand, is grossly miscast. He is not the least impressive in the role of an artist who is driven to murder a woman for the love of another. Alexis

Smith's few scenes are done with the easiness which characterizes most of her work.

After looking at the box-office receipts of "The Two Mrs. Car-

roll," in other cities, it is apparent Miss G. can lay claim to fame only because of a pair of pretty legs which she has dis-

played rather prominently in all her pictures to date. For in "Miss Pilgrim" Betty Grable hides those

gams under a half dozen petticoats and an ankle length dress, and the box-office receipts have taken a decided nosedive.

FAINT FOOTPRINTS OF THE ANGLO-SAXONS—Shoes, this season, will be things of the past, historically speaking. Here the lace-backed slipper of a Van Dyke lady of 1649 has been purloined for a modern boot by Newton Elkin, elegant as the Charles I era, to complement a town suit. The other has been borrowed from the soft-footed Anglo-Saxons of 450 for a new afternoon slipper dramatizing the closed boot look, cut to nothingness at one side. In aged brown, green, wine.

MRS. MARSHALL KLINE

Mrs. Kline is the former Miss Barbara Ann Schwartz, of Charlotte, N. C. Her recent marriage to Mr. Kline, son of Mr. and Mrs. S. J. Steinbach, of Atlanta, took place recently in Charlotte.

Miss Walden Becomes Bride

Dr. and Mrs. H. G. Walden, of Atlanta, Opelika and Panama City, Fla., announce the marriage of their daughter, Miss Helen Walden, to Curtis Vaughn Silvernail, of Mobile, which took place recently at the First Baptist Church, Mobile. The Rev. Howard Reeves, Pastor of the church, officiated.

The beautiful bride wore a smart tailored suit of brown and white gabardine with brown alligator shoes and bag, and a Panama hat banded in brown.

Mrs. Silvernail graduated from the Opelika High School and attended Alabama Polytechnic Institute, where she is now enrolled. At API she has been the recipient of many campus honors, having been Vice President of her class and is Secretary of her sorority, Alpha Omicron Pi. During her freshman and sophomore years she was a cheerleader, and she is featured in the current issue of the Glomerta. She is the sister of Mrs. Thomas J. Bedford, of Dothan, Ala. Her brother is Dr. W. Walden. Her mother was the former Miss Mary Whittelsey, of Opelika, Ala. Her father is a widely known Atlanta druggist, and a religious and civic worker.

Mr. Silvernail is the son of Mr. and Mrs. J. W. Silvernail, of Mobile. He is a graduate of the Ripley School, Ripley, Tenn. He is now a student in chemical engineering at API, where he is a member of the Theta Chi Fraternity. The popular couple is residing with the bride's parents, 602 Avenue A, Opelika.

Miss Allen To Wed Frank A. Brown

Mr. and Mrs. Samuel Thomas Allen, of College Park, announce the engagement of their daughter, Miss Annie Elizabeth Allen, to Frank Alvin Brown, of Rome.

The bride-elect's paternal grandparents are the late Mr. and Mrs. William Walker Allen, of Jasper County. Her maternal grandparents are Mr. and Mrs. John Alexander Heath, of Butler.

The future bride attended Wesleyan College and was graduated from Georgia Evening College. She is employed by the Coca-Cola Company.

The bridegroom-elect is the son of the late Mr. and Mrs. B. E. Brown.

He attended Georgia Evening College and served as a lieutenant in the Naval Air Corps. He is employed by Harvey-Given Company, Rome, as manager of the insurance department.

Miss Corbett Weds Lee Hunter at Church

Mr. and Mrs. W. F. Corbett, of Valdosta and Atlanta, announce the marriage of their daughter, Miss Mary Corbett, of this city, to Lee Hunter, son of Mrs. A. F. Hunter, which took place recently at Wesley Memorial Church. Rev. Hope Sewell officiated.

Miss Betty Anne Hudson was maid of honor and George T. Hunter was his brother's best man.

The bride was stylishly attired in a white wool suit, navy hat and accessories. Her flowers were white orchids.

After a wedding journey, the couple is residing at 1891 Piedmont Cir.

SPOTS

To be well groomed, check clothes for spots—get the Mufti bottle. Mufti gives not 1, but 4 tested cleaning ingredients—cleans so many spots from so many fabrics—no jiffy.

Col. DeBevoise Joins SA Staff

Col. P. L. DeBevoise has joined the Southern Territorial staff of the Salvation Army here as Field Secretary, succeeding Col. George Marshall, who was recently transferred to New Zealand. He will be in charge of Personnel work for the 15 Southern States.

A native of New York City, Col. DeBevoise is a veteran of 30 years with the Salvation Army. He came to Atlanta in 1927 with the pioneer party which organized Army work in the South. He edited the War Cry here for two years and later the Chicago War Cry.

Col. and Mrs. DeBevoise and their daughter, Miss Arlene DeBevoise, will live at 1270 Beach Valley Rd., N. E.

British Press Thanked for Aid to Yard

LONDON, July 10.—(P)—Scotland Yard thanked the British press Thursday for help in controlling crime during the "difficult" year of 1946.

Indicative crimes in the London area in 1946 totaled 127,795 compared with 128,954 in 1945, Chief Commissioner Sir Harold Scott reported.

The 1946 figure represented 14 crimes per 1,000 persons as against a prewar average of 10 per 1,000 persons.

Scott said the press had been given increased facilities for reporting crime and its detection, adding that the newspapers "have done much to encourage that cooperation without which our work cannot successfully be performed."

\$1,440,000 To Be Spent By Railroads

Improvements totaling \$1,440,000 for three Georgia and Alabama railroads were announced here Thursday by S. R. Young, President and General Manager of the Atlanta & West Point, the Western Railroad of Alabama and the Georgia Railroad.

Each of the three railroads will receive 50 new box cars in August at a total cost of \$600,000, Young said. In addition, installation of signals on the Georgia Railroad's Atlanta-Augusta run has just been completed.

Future plans call for modernization of six passenger cars at a cost of \$90,000 which will be started by the A & W and Western railroads within the next 60 days.

Earlier this week, Young announced in Augusta that five passenger cars on the Georgia road would be air conditioned and modernized in 1947-48 at an expenditure of \$150,000.

Names on Docket Sound Like Opera Program

The docket of the Civil Court of Fulton County read like an opera program Thursday: Carmen Lydia Diaz, Juanita Cordero, Ramonita Gracia and Angelina Diaz Valcual.

And the charges had its south-of-the-border connotations, too—vagrancy. (Or is that a crime in Latin America?)

But it was no musical matter to C. Donald Lowrie, the man who swore out the warrant against the four young Puerto Rican women. Lowrie, attorney for Pan American Services, an employment agency that imported the girls as domestic workers for Atlanta housewives, said he swore out the warrant on complaint of citizens that they were roaming around town panhandling and distracting other servants.

"We're not trying to force them back to the jobs they have quit," Lowrie emphasized. "We just want them to get work of some kind or get out of town. They're making trouble for the other Puerto Ricans who are happy in their work."

Lowrie said he and Miss Julia King, local representative of the Pan American Services, were going out Thursday afternoon to look for the four girls with an "arrest-at-sight" letter from Civil Court.

Miss Nix Presides At Bookmobile Meet

Miss Lucile Nix, of Atlanta, a State Department of Education official, is serving as chairman of a three-day Bookmobile Institute in Milledgeville, which will close today. The Institute is the first of its kind ever held in Georgia.

Speakers on the Institute program include Miss Tommie Dora Barker, Dean of the Emory Library School; Miss Virginia McKinley, Director of the Fulton County library program for schools; C. S. Hubbard, Director of the Textbook and Library Service of the State Department of Education; J. D. Cherry, Area Supervisor for the Department of Education; Miss Sara Jones of the Department of Education and Miss Margaret Woodall, Atlanta.

Virginia Mayo Married

HOLLYWOOD, July 10.—(P)—Actress Virginia Mayo, 28, and Actor Michael O'Shea, 41, were married Saturday night by Dr. Hardy Ingraham in the Little Church of the Flowers, Glendale. Their home will be in suburban Van Nuys.

Fall Style 'Show' Set Here July 21

New 1947 Fall fashions, the most "revolutionary" since pre-war days, will be shown to merchants of the Southeast for the first time during Fall Market Week here, beginning July 21.

Sponsored by the Atlanta Manufacturers and Distributors Association, Fall Market Week will attract department store and women's specialty shop merchants from all over the South, who will buy for the coming season.

Displays will be held in the showrooms and stores of the Atlanta manufacturers and distributors who will participate in the event.

Merchants will inspect the newest styles in dresses, suits, coats, millinery, shoes, lingerie, hose, gloves, handbags, scarfs and costume jewelry.

Atlanta distributors and manufacturers of clothing for men and children also will take part in the show, with special displays in their stores and plants. Wholesale fabric houses will exhibit the newest patterns in piece goods, draperies and other new merchandise.

Sponsors of Market Week point out that Atlanta manufacturers and distributors are familiar with

Health Officials Reject WAA Incinerator Unit

On their return Thursday from Chickamauga National Park to inspect an incinerator unit offered for sale by the War Assets Administration, Dr. James Hackney and Stafford Graydon of the City Health Department said the unit was not suitable for purchase and use by the City of Atlanta.

The unit was too small and not adaptable to production of steam, they said. The city's present incinerator pays for its operation by the sale of steam, but is being heavily overtaxed and in need of an additional unit.

Wilson's Weekly Bulletin

By George Rector
Food Consultant to Wilson & Co.
Oven Meals Save Work

Your oven can be a real friend on hot days. You just slip the food into the oven... then relax from kitchen cares until dinner time arrives.

Beef Pot Roast
Select a Wilson's Certified beef pot roast. Brown slowly in 2 then, of Advance Shortening using a heavy kettle or skillet with a tight fitting lid. You may want to flour it first for a richer brown; if so, season well with salt and pepper first. Otherwise season after browning. Slip a rack under the browned meat unless you like the brownness to penetrate deeper. Add about 1/2 cup of water and cover tightly. Cook until tender in a slow oven, 300°F. A 3 to 5 pound roast will be done in 3 to 4 hours. The meat may need more water added from time to time during the cooking period. Add the water in small amounts though—that way you get both a richer gravy and a tastier piece of meat.

The Master Plan
Pot roast and browned potatoes are almost inseparable companions. Tuck the potatoes around the roast along with whole carrots, the last hour to hour and a half of the cooking time, depending on their size.

Of course you'll have an oven dessert, too. Individual baked custards served with fresh red raspberry sauce are tops when made with high quality Clear Brook Eggs. Bake the custards early in the cooking period so they'll have plenty of time to cool.

Lady of Leisure
When dinner comes sliding out of the oven at the appointed hour, whisk it onto the table along with a fresh fruit salad, tossed with Wilson's Mayonnaise. You can sit down to your meal as cool and rested as a lady of leisure.

Looking Ahead
If you're feeling ambitious, stir up a coffee cake while dinner is in the oven. Then increase oven temperature and bake it while you're eating dinner. A special treat for tomorrow's breakfast.

Versatile Favorite
Bacon-tomato-cheese sandwiches are round-the-clock favorites at our house. They're wonderful for lunch and equally good for midnight snacks. Broil or pan fry 12 slices of Certified Bacon. Add 1/2 lb. Certified American Cheese (1 cup grated) to 2 cups of medium white sauce and stir until thoroughly melted. Toast 8 slices of bread, and on each slice place 2 slices of tomato, cover with cheese sauce, and lay the bacon strips across the top.

REGAINING FOREIGN MARKET

Hungary's Dancers
In Demand Again

This is another of a series of uncensored reports from the Balkans by an Associated Press reporter who won the Pulitzer award for his outstanding work during the war.

By DANIEL DE LUCE

BUDAPEST—Among the dusty statistics of Hungary's foreign exports, dancing girls are once again winking their long-lashed eyes.

Pretty Hungarians were favorites at Karpis's in Ankara, the Casino in Teheran and the Kit-Kat in Cairo. Some, it is said, ended their careers on the dismal African waterfront at Benghazi.

But many came home with trunks of fine clothes and arms loaded with golden bracelets.

When war broke out, legends grew around the curvaceous Magyars. Some in Egypt allegedly out-classed Mata Hari with lonesome officers of the British Army of the Nile.

Allied troops affectionately called them "the girls who danced with the enemy."

ed the dancing enemy-alien "pop-pops." Most were collected and shipped back to Central Europe by 1942.

Until the Soviet Army occupied Budapest, Hungary's ex-foreign export languished. No longer were the girls' remittances to their families made part of formal international exchange agreements. Germany was no place to go, because the Fuehrer had outlawed dancing. The girls eked out the war years in dull shops and offices.

But Russian generals were

WRONG NUMBER

German Girl
Jailed for
Fake Calls

FRANKFURT, Germany, July 10—(AP)—Anne Marie Brenneis, 19, was sentenced to 30 days in jail and fined 500 marks (\$50) Thursday for "malicious mischief" in making embarrassing telephone calls to the home of a U. S. Army officer.

The comely German girl was convicted by an American Military Government Court at Heidelberg of having told the officer's wife over the telephone that she was a "close friend" of the officer and that he had "stood her up" on a date.

When she telephoned a second time, the officer, Capt. Earl Davis, trapped her by arranging a rendezvous at a place surrounded by military police.

freer in view than the Wehrmacht. Among the first capitalistic activities in Budapest authorized for reopening by occupation authorities were the after-dark hot spots.

Two years later, there's hardly a dancer in the entire city who hasn't applied for a visa to travel abroad.

At the Plantaz Club, where cocktails cost more than at New York's 21, all members of the revue are angling for foreign offers and several have already departed for points ranging from Zurich to Sofia.

At the Ministry of Finance, veteran officials regard this revival of the show world's wanderlust with open satisfaction.

Hungary, as always, is short of foreign currency. A dancing girl can pocket a lot of francs, levas, pounds, dollars or what-have-you in a single night.

Canning Safety
Rules Issued
By Red Cross

The Accident Prevention Service of the Atlanta Chapter, American Red Cross, has issued instructions for safe home canning. The Service recommends the following canning practices:

1. Carefully read instructions for each type of pressure cooker and jar cap. Select standard glass containers, specifically manufactured for canning, with unchipped edges. Heat jars before filling with hot foods or placing in hot water.

2. Do not pack jars too solidly. Use tongs and other tools to transfer hot jars. When necessary to grip a jar to tighten the cap, cover it with a cloth and grasp it below the neck. Further handling should be avoided until jars are cool.

3. Do not lift cover from the canner until steam pressure is completely dissipated. Always remove cover away from you to avoid burns from steam.

Rioting Paralyzes
Calcutta Transportation

CALCUTTA, July 10—(AP)—Calcutta, tense of days of bloody Hindu-Muslim rioting, was faced with complete paralysis of its transportation system Thursday as operators and employees agreed to halt bus and trolley service until adequately protected against mob violence.

Transportation employees paraded the streets with placards appealing for observance of Mohandas Gandhi's plea for non-violence.

Shanghai Fur Trade
Brisk Despite Heat

SHANGHAI, July 10—(AP)—Shanghai's 4,000,000 inhabitants sweltered in 100-degree-plus heat Thursday—but furriers reported their best business in years.

Reason for the upswing in the fur trade was brisk purchases by Russians who have registered for Shanghai's 4,000,000 inhabitants sweltered in 100-degree-plus heat Thursday—but furriers reported their best business in years.

By Hatlo B'nai B'rith Urges
DP Bill Passage

The Board of Trustees of the Gate City Lodge of B'nai B'rith has adopted a resolution urging Congress to pass the Stratton Bill and other legislation making available unused immigration quotas to admit displaced persons into this country.

The Stratton Bill provides for the admission of 100,000 displaced persons each year for four years, Alexander F. Miller, President of the Gate City Lodge, explained.

"It is in keeping with our historic role as the haven of the oppressed," Miller said, "that our nation take such action. The continued detention of these supposedly liberated people may well generate new conflicts in an unsettled world. The Stratton Bill will provide sanctuary for less than half of the displaced persons of every faith and from every country in Europe which has felt the Nazi heel."

BUY-LINES • by Nancy Sasser

A Weekly Sponsored Column of Things Advertised and Interesting.

NEW YORK, N. Y., July 11—Did you know that coffee was used as a solid food around 800 A. D. in Ethiopia? Whole ripe berries, beans and hulls, were crushed and molded into balls which were held in shape with fats. These "coffee balls" were carried as nourishment during desert raiding parties... one ball often constituting a day's ration.

Send 25¢ for This "Smoothie" Mixer Today!

LEAVE IT TO THE MAKERS of "fastest and easiest" OLD DUTCH Cleanser to make it easy for you to own just the newest piece of kitchen-equipment I've ever seen... a "Smoothie" Mixer! Made of new aluminum (note that, please... it's a marvel of a mixer, specially designed to blend smooth, smooth gravies... to "shake up" salad dressings. One cupful in size, the bottom is marked into fourths and halves... just like a measuring cup, and the snug-fitting top is intended to measure exactly one tablespoon. You'll find more "recipes" for using it right inside when you receive it.—So I'll hurry and give you directions for getting one. Simply send 25¢ in cash or 2 OLD DUTCH labels, plus 25¢ in coin, to Nancy Sasser, 271 Madison Ave., New York 16, N. Y. Offer is both special AND limited, so hurry!

NOTHING GOES BETTER with a cold, crisp salad than crisp, new like-in-flavor RY-KRISP... either toasted, or served just as it comes from that famous red checkerboard package. And don't forget there are only 23 calories to each thin wafer. Made of 100% natural grain RY-KRISP supplies the B's and minerals of rice and supplies bulk needed in daily diets. But somehow, you never think about its being good for you or how few calories it contains, for it's so downright delicious! RY-KRISP is the bread ordered everywhere... on trains, in hotels and restaurants. MY suspicion is that half the people order it because it's low in calories, and the other half order it just because they LIKE it!

AS THE THERMOMETER climbs into high, it's natural that appetites should lag and lose interest in food. So, here's a suggestion. Give your family this appetite-tempter in the form of the morning—this delicious, nutritious NABISCO 100% BRAN BOWL DE LUXE. Place sliced peaches prettily in a semi-circle atop a big bowl of NABISCO 100% BRAN with big blueberries on the other side. Then place "plum" center on the table and let everyone "spoon up" his own bowlful. Know why I emphasize NABISCO 100% BRAN as the best breakfast cereal you can serve? It's such a delicious, natural way of furnishing your family with the diet bulk that helps relieve faulty elimination. Finer-milled, it's dependably mild in action. Bakes beautifully, too. So, mix it into delicious muffins one morning, as a cereal the next!

THOUGH IT SOUNDS FABULOUS... every word I've told you about the FRIGIDAIRE Electric Range is true! If you owned one, know what you could do on a hot day like this with company coming for dinner? Pop your dinner into that big Even Heat Oven... set the Cook-Master Control turn on, and then off, at the proper times. Then go for a swim, or a siesta in the garden. On the dot, dinner would be perfectly cooked, ready to serve. But that's just one important feature! Ask your Frigidaire Dealer to point out those quick-heating Radiant Tube Units... the super-size storage drawer. Seeing a FRIGIDAIRE Electric Range "in the flesh," you'll need no further word from me! Made by Frigidaire Division of General Motors.

HAM CAN BE SERVED plain and never cause a comment. But serve it like this, with this special sauce poured over it, and your guests will ask questions about the ingredient used to give that double-in-savor flavor.

LUSCIOUS HAM
1 slice ham 1 1/2" x 2" thick
1 cup light brown sugar
2 tbsp. water
(1) Broil or oven-broil ham until golden-brown. (2) Pour off all but 1/2 cup fat. (3) Add sugar and water to pan and boil up. (4) Stir in vinegar and mustard-with-Horseradish. (5) Heat and pour over ham or return ham to pan, heat a minute, and turn in sauce. Yield: about 1/2 cup sauce.

Certainly, the flavor-agent is BEST FOODS Mustard-with-Horseradish... that famous "twain-up" of TWO favorite flavors that good cooks count on to "double" the deliciousness of everything from sauces to salad dressings... sandwiches to fish dishes. Try it!

I LOVE DOGS... but I do NOT love a house that's pervaded by a "doggy" smelliness! That's one reason I'm so thankful for NIL... it's wonderful for deodorizing pets' fur and for spraying into areas they haunt. Try it in the cat's sandbox, too. Remember, though, pet deodorizing is only a minor use for NIL... for you'll need it day after day to kill kitchen odors, garbage pail smells, bathroom unpleasantness and for many another household and pet deodorizing job! Ask for it at Drug, Grocery or Department Stores... it's a BUY-LINE you MUST have this summer.

EVER MADE YOUR OWN BLACKBERRY RELISH... the tangy, spicy kind that goes beautifully with cold cuts and adds an epicurean touch to dinner when there's roast lamb, ham or beef? Well, NOW'S the time to put up some for it's blackberry time! And with SURE-JELL, the powdered pectin product, to help you... your Blackberry Relish is bound to be just right in consistency! Here are the ingredients you'll need, and I won't stop to wish you "good luck!" with SURE-JELL to help... you won't need any.

BLACKBERRY RELISH (Makes 10 Medium Glassfuls)
4 c. prepared fruit
1/2 c. sugar
1 tsp. each cloves, cinnamon
and spices, and salt
1 box SURE-JELL
1/2 c. vinegar
Further directions right on the insert in the SURE-JELL package, along with 64 other wonderful recipes... one for every popular fruit or berry!

ONE FRIEND YOU WON'T MISS, no matter where you go on your vacation, is HEINZ! Over and over I've noticed how it keeps up with me at the smartest restaurants and hotels... the famous "57-Sauce" to improve the finest chef's seafood and meat dishes, HEINZ Worcestershire Sauce to make hashes, stews and even vegetables something to write home about! And as for HEINZ Prepared Mustard (both the zippy brown and the bland yellow kinds), you see it everywhere! But let's be honest about it... it serves best right on your own dining room table! Frankly, it means flatly to most any dish you serve... from sandwiches to casserole dishes, from egg to cheese and meat creations! So just remember to jot down HEINZ Condiments before you go shopping... with Mustard, Worcestershire and "57-Sauce" scribbled alongside. With these three products in your kitchen, you've trusted aids to good seasoning!

Your meat-dealer has them in a wide and appetizing variety. Made right here in Atlanta, they reach him fresh.

Cornfield Table-Ready Meats

NEWS ABOUT GEORGIA

Compiled From Constitution State News Reports
By SAM CLARKE

The packing of Elberta peaches is in full swing in the Fort Valley area, but many growers report a short crop. The farmers attribute this to a new pest, curculio, which causes the peach to rot on the tree and then fall off. Some experts predict the crop will be less than half of the 3,000 cars shipped last year.

Barbara Doerzbacher, 14, of Pittsburgh, was drowned at Savannah Beach. The young girl went under while floating on an inner tube in a half tide surf which reached up to about her shoulders, Savannah Beach Police Chief R. A. Stewart reported.

The Vineville Methodist Church at Macon plans to spend more than \$1,000 for each year of its existence on improvements. The church is 100 years old.

Officials of the Americanism Club of the YMCA, in Macon, announced that Acting Gov. Thompson will head the list of banquet speakers Sept. 26. Director P. A. McArthur said other guests will include Dr. M. D. Collins, State School Superintendent; Mayor-Nominee Lewis B. Wilson, of Macon, and Mayor Charles L. Bowden.

Reports have been received of a serious infestation of boll worms in Dodge County, according to

QUEEN OF BLAKELY VETS

Miss Jennings has had the pet for several years and said she has taught him many tricks, but the chewing idea was his own. And to top this, Miss Jennings said "Stinkie" can tell the difference between red and green traffic lights. Well, I'll be doggone!

Putting on the Dog

"Stinkie" is just wild about chewing gum. Normally, that isn't unusual except that "Stinkie" is a toy Boston bulldog belonging to Miss Hattie Bell Jennings, of Albany.

Throughout the State

The University of Georgia's new Chemistry Annex in Athens will be ready for classes by Aug. 16. Dr. T. H. Whitehead, acting head of the Chemistry Department, has announced. Plans are being made for erection of a new 500,000-gallon standpipe in Carrollton to provide better water service for the Southern and Western sections of the city. The Waycross Rotary Club is planning an educational campaign to bring about a better knowledge of the Okefenokee Swamp Park. The annual Grant family reunion will be held Sunday 12 miles northwest of Gainesville.

Mows 'Em Down

J. A. Kennedy, of Waycross, is mowing folks down with his new inventions for his lawn mower. Kennedy really plans to do his grass-cutting chores with the greatest of ease. He has equipped his lawn mower with an electric motor, to save expenditure of energy; with an electric light, to permit mowing at night; and with an electric fan to keep cooling breezes on himself while pushing the mower.

Names in the News

Spier Collins, of Waycross, senior in the University of Georgia School of Journalism, has been elected historian of the University Chapter of Sigma Delta Chi, professional journalistic fraternity. Alton D. Estes, former Carroll County administrative officer for AAA, was made general manager of the Carroll Frozen Foods & Provision Company. WAC Capt. Elizabeth McRee, native of Valdosta, has been assigned to Oliver General Hospital in Augusta as administrative assistant in the physical medicine service.

Examiner's NLRB Finding Reviewable

A trial examiner for the National Labor Relations Board has recommended that the Board dismiss four out of five charges of unfair labor practices brought against Radio Station WATL, Atlanta, by the American Federation of Radio Artists (AFR).

An Associated Press story, which the Constitution printed Tuesday, erroneously stated that the ruling had been handed down by the Board itself. Either the radio station or the union has the right to file exceptions to the examiner's report and argue the case prior to the handing down of a final ruling by the Board.

The trial examiner, Sidney Linder, held that the station management was within its rights in advising a new employee that he might advance further if he refrained from joining a union. He also said the Company had authority to fire two announcers for "refusal of duty," and said that the station manager was free to make any comment he liked about unions in general.

The trial examiner's findings and recommendations were handed down after testimony was presented before him. His report is not binding on the Board, which numerous times has issued rulings contrary to recommendations of examiners.

ANIMAL CRACKERS New Flights Are Scheduled

"Aren't they intelligent looking—they almost bark."

Southern Airways, Inc., has made its first survey flight, preparatory to beginning daily "commuter" flights which will connect small towns with big cities within the next few months.

The first survey flight was made in a Douglas DC-3 liner, flown by Southern's Atlanta Manager, Joe Potts, and Wilmer Ivy, Co-Pilot, and covered the Atlanta-Jacksonville segment of the new airline.

Airport facilities at LaGrange, Columbus, Albany, Moultrie, Valdosta and Jacksonville, and airway facilities along the route were inspected. This route will be part of the 1,340-mile air system to connect Atlanta with Charlotte, Jacksonville, Charleston and Memphis with stops at small towns between.

The flights, recently approved by the Civil Aeronautics Board, will provide passenger, mail and cargo service.

THE ATLANTA CONSTITUTION • Friday, July 11, 1947 • 23

Buried Gold Safe

Despite Japs, Floods

MANILA, July 10—(AP)—When the Japanese took Baguio in the last days of 1941, Frank E. Delahanty, La Porte, Calif., General Superintendent of the Baguio Gold Mining Company, buried two cones of impure gold under the mine's mill. He was interned. The mill was torn down. Floods covered the area. But the cones of gold remained. Delahanty found them last week and flew in to Manila with the unexpected \$35,000 re-Mining Company, buried two cones of impure gold under the mine's mill.

Assorted Cold Cuts with Blue Plate Remoulade Sauce

Fiesta Salad*

Fresh Peaches and Cream Blue Plate Iced Coffee*

Creamy Peanut Butter Fudge*

*RECIPE GIVEN BELOW

FIESTA SALAD

... with the fresh, fresh flavor of Blue Plate Mayonnaise

2 tomatoes
1 large or 2 small avocados
1 large or 2 small cucumbers
1 tablespoon lemon juice
Salt
1 teaspoon onion juice (optional)
Lettuce, chikory, or watercress
Blue Plate Mayonnaise

Cut avocados lengthwise, remove seed, peel, and slice lengthwise. Peel and dice cucumbers. Place thick slice of tomato on greens arranged on individual salad plates. Top with avocado slices, sprinkle with lemon juice, onion juice if desired, and salt. Fill center with Blue Plate Mayonnaise—a good generous portion. (Creamy Blue Plate Mayonnaise is made especially to please Southern tastes—just sweet enough, just tart enough. Adds fresh, home-like flavor to all your salads.) Arrange diced cucumber around avocado. Serves 4.

Blue Plate Mayonnaise

Made by the Wesson Oil People as you'd make it at home—using fine salad oil

Bring down the temperature! Bring on

Blue Plate ICED Coffee

For each person, make double-strength coffee, allowing 4 level tablespoons Blue Plate Coffee and 1 measuring cup of water. Pour fresh-made hot coffee over cracked ice or cubes.

Blue Plate Coffee gives you the "full-strength flavor" that's so important for ICED coffee. Without it, the taste is weak and watery. Taste Blue Plate Iced Coffee—and enjoy all the true mellow flavor you love so well.

EXPERTLY BLENDED VACUUM-SEALED

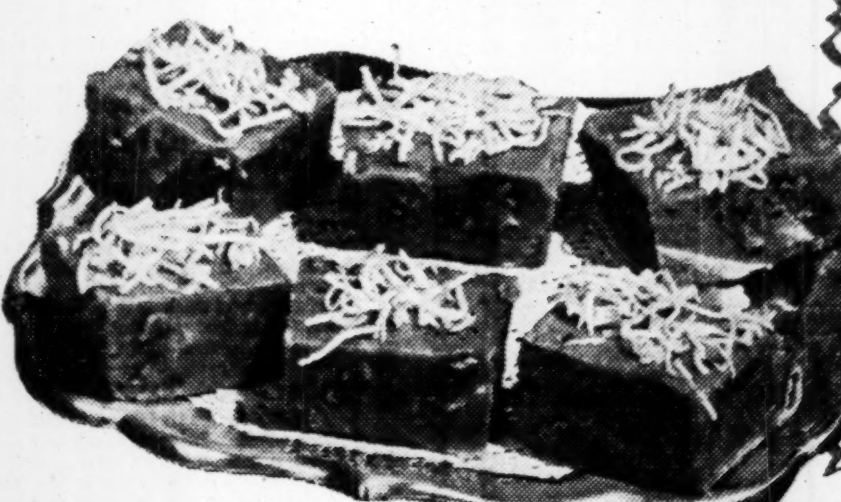

BLUE PLATE COFFEE

5 Fine Coffees in One

Try it today. Blue Plate guarantees the best cup of coffee you ever drank or your money back.

Blue Plate Peanut Butter

Smoother than ever—stays smooth to the bottom of the jar—Richer peanut flavor, too

CREAMY PEANUT BUTTER FUDGE

Yes... you can make homemade candy really smooth—with smooth Blue Plate Peanut Butter

2 cups sugar
1/4 cup Blue Plate Peanut Butter
1/4 cup milk
1/4 cup white corn syrup
Pinch salt
2 tablespoons Blue Plate Margarine
1 teaspoon vanilla
1/2 cup shredded coconut, if desired

Put first 5 ingredients into deep sauce pan, stir well. Cook over moderately low flame, stirring occasionally, about 20 min. until a little candy dropped into cold water can be formed into a soft ball. Remove from heat, pour into clean dry bowl, add vanilla and margarine but do not stir. Let stand until lukewarm. Add coconut if desired. Beat about 4 to 5 min., until candy turns much lighter color and begins to lose its gloss. Turn onto oiled plate, and knead at once about 2 min., until smooth and creamy and not crumbly. Shape into a roll on waxed paper or oiled plate, and slice.

BLUE PLATE MEANS FINE FLAVOR

Check With City Planners,
Torras' Advice on Building

It would save Raymond W. Torras and his aides in the City Planning Commission office a lot of headaches if property owners would consult them before planning real estate developments.

Furthermore, it would be protection for the property owners themselves against possible future condemnation proceedings by the City.

This was pointed out Wednesday when it was discovered that plans for the construction of a \$1,000,000, 120-unit apartment development on Atlanta's South Side had run afoul of one of the City's traffic improvement plans for a north-south and east-west by-pass belt highway designed to speed through travel around congested areas.

The apartment development, to include 10 two-story, 12-unit buildings, is to be built on a 10-acre tract at Stewart and University Avenues, according to an announcement made Monday by J. M. McDonald, President of the Capitol View Apartments, Inc. The plans call for extension of University Avenue from Stewart,

MOPSY

THE SMALL SIZE WILL DO, I'LL BE HAVING A VERY DULL VACATION AT A GIRL'S CAMP!

westward to the railroad tracks in a straight line.

City officials said property owners who sought to have the area rezoned last March for apartment construction, were informed at that time of the City's plans, adopted in 1944, for eventually extending University Avenue on a curving line to ultimately parallel and then cross the railroad tracks and connect with Ashby Street to provide a traffic artery to the North Side.

Plans for the apartment project were subsequently developed, however, without the City's traffic artery plans being taken into consideration.

The construction plans, calling for FHA financing, are complete and already before Building Inspector Marvin Harper for approval, and Torras said his office would not seek to block the project but would simply have to alter their own plans. Harper indicated he would have to approve the plans and issue a building permit as the blueprints meet all specifications of the City's building code.

Torras pointed out that other building projects now under way in Atlanta are believed to be in conflict with traffic improvement plans, including the Lochner Plan.

One such project, he said, is a freezer locker plant under construction at Hemphill Avenue and Fourteenth Street, N. W., and another is a warehouse being built on a block bordered by Williams, Spring, Mills and Alexander Streets, N. W. This block, Torras pointed out, is in an area where the Lochner Plan calls for a "cloverleaf" providing access to a proposed limited access north-south highway along Williams Street.

It would help, he said, if other property owners were as cooperative as a bottling company which is holding up building plans at Williams and Fourteenth Streets pending adoption of the Lochner Plan, and Georgia Tech where extensive construction is carefully designed not to conflict with the City's plans.

take your choice of
2 guaranteed grades!

If you want the best you can buy—tender, well-aged, corned beef—choose Colonial Pride. For this is our finest grade of meat—selected from the top grades of leading packers.

All of our cuts of beef, veal and lamb are now tagged with Colonial Pride or Winner Quality markers. Our Winner Quality sells at a lower price. But it, too, is fine meat—second only to Colonial Pride.

We sell these two grades of meat—at two prices—to fill the needs of all our customers. We hope our new markers make it easy for you to select the meat you want. And we hope you're satisfied with your choice.

If not, you know, we will cheerfully refund your money!
